

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hugh Shields
DOCKET NO.: 21-04517.001-R-1
PARCEL NO.: 06-21-406-004

The parties of record before the Property Tax Appeal Board are Hugh Shields, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,663
IMPR.: \$45,523
TOTAL: \$59,186

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling with vinyl siding exterior construction containing 1,692 square feet of living area. The dwelling was constructed in 1993. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 420 square foot garage. The property has an approximately 4,130 square foot site and is located in Round Lake Park, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the subject's land as the basis of the appeal. In support of this argument the appellant submitted information on 11 comparable properties that are located within .11 of a mile from the subject. The comparables have improved sites ranging in size from 4,055 to 4,295 square feet of land area. The comparables have land assessments ranging from \$11,258 to \$13,670 or from \$2.72 to \$3.33 per square foot of land area.

Based on this evidence the appellant requested the subject's land assessment be reduced to \$11,344 or \$2.75 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,186. The subject property has a land assessment of \$13,663 or \$3.31 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on two comparable properties that are located within .02 of a mile from the subject. The board of review's comparables #1 and #2 are the same properties as the appellant's comparables #5 and #6. The comparables have improved sites with 4,080 and 4,130 square feet of land area. The comparables have land assessments of \$13,573 and \$13,670 or \$3.33 and \$3.31 per square foot of land area, respectively.

The board of review explained that the subject's land assessment has a "Lake View" adjustment, which the appellant's comparables lack.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 comparable properties for the Board's consideration, two of which were submitted by both parties. The Board gives less weight to the appellant's comparables #1 through #4, and #7 through #11, due to their lack of a "Lake View" when compared to the subject. The Board finds the parties' remaining comparables, which are common to both parties, are similar to the subject in location and size. These comparables also have a similar "Lake View", like the subject. The best comparables have land assessments of \$13,573 and \$13,670 or \$3.33 and \$3.31 per square foot of land area, respectively. The subject's land assessment of \$13,663 or \$3.31 per square foot of land area falls between the land assessments of the best comparables in the record on a total land assessment basis and is equal to the lower land assessment of the best comparables on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's land assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
