

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Dietrich
DOCKET NO.: 21-04518.001-R-1
PARCEL NO.: 06-23-107-030

The parties of record before the Property Tax Appeal Board are Steven Dietrich, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,950
IMPR.: \$50,687
TOTAL: \$63,637

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling with vinyl siding exterior construction containing 1,020 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement, that has finished area, central air conditioning and an attached 400 square foot garage. The property has an approximately 6,600 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine comparable properties that are located within .13 of a mile from the subject. The comparables are improved with 1-story dwellings containing 1,020 square feet of living area. The dwellings were built in 1994. Seven comparables have basements, four of which have finished area, and two comparables do not have basements. The comparables have central air conditioning and a

400 square foot garage. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$40,156 to \$51,385 or from \$39.37 to \$50.38 per square foot of living area.

Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$47,685 or \$46.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,637. The subject property has an improvement assessment of \$50,687 or \$49.69 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are the same properties as the appellant's comparables #4, #8, #7, #5 and #3, respectively. However, the board of review's submission revealed that the subject, as well as four of the parties' common comparables, have finished basement area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration, five of which were submitted by both parties. The Board gives less weight to the appellant's comparables #1, #2, #3, #6 and #9, which includes one of the parties' common comparables, due to their lack of a basement foundation or their lack of finished basement area when compared to the subject. The Board finds the parties' remaining common comparables have varying degrees of similarity to the subject. The best comparables have improvement assessments ranging from \$50,246 to \$51,385 or from \$49.26 to \$50.38 per square foot of living area. The subject's improvement assessment of \$50,687 or \$49.69 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
