

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Demetre
DOCKET NO.: 21-04525.001-R-1
PARCEL NO.: 14-22-201-146

The parties of record before the Property Tax Appeal Board are Michael Demetre, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$47,510
IMPR.: \$259,586
TOTAL: \$307,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 4,728 square feet of living area. The dwelling was constructed in 2006. Features of the home include a basement, central air conditioning, three fireplaces and a 997 square foot garage. The property has an approximately 53,622 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that are located from .81 to 3.30 miles from the subject property. Three comparables are located in Long Grove and comparable #4 is located in Kildeer. The comparables have sites that range in size from 17,860 to 137,726 square feet of land area. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction ranging in size from 3,880 to 4,422 square feet of living area. The

dwellings were built from 2000 to 2006. The comparables each have a basement, three of which are walk-outs. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 736 to 1,071 square feet of building area. Two comparables each have an inground swimming pool. The comparables sold from July 2019 to December 2020 for prices ranging from \$590,000 to \$865,000 or from \$152.06 to \$195.61 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$263,166, which would reflect a market value of \$789,577 or \$167.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$307,096. The subject's assessment reflects a market value of \$923,597 or \$195.35 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located in Kildeer and from .36 of a mile to 1.19 miles from the subject property. The comparables have sites that range in size from 26,140 to 121,970 square feet of land area. The comparables are improved with two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 3,918 to 4,877 square feet of living area. The dwellings were built from 1997 to 2013. The comparables each have a basement, two of which are walk-outs. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 671 to 1,047 square feet of building area. Comparable #1 has an inground swimming pool. The comparables sold from March 2020 to August 2021 for prices ranging from \$830,000 to \$990,000 or from \$199.92 to \$227.39 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3, as well as board of review comparables #1, #3 and #4 due to differences from the subject in location and/or they have an inground swimming pool, not a feature of the subject. Moreover, the appellant's comparables #2 and #3 have sale dates that occurred in 2019, less proximate in time to the lien date at issue than the other sales in the record. Additionally, the appellant's comparable #2 has a much smaller site size, and the appellant's comparable #3 and board of review comparable #3 have considerably larger site sizes when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparable #4, along with board of review comparables #2 and #5, which sold more proximate in time to the assessment date at issue and are overall more similar to the subject in location, site size, dwelling size, age and some features. These three comparables sold from March to December 2020 for prices ranging from \$735,000 to \$990,000 or from \$169.71 to \$221.53 per square foot of living area, including land. The subject's assessment reflects a market value of \$923,597 or \$195.35 per square foot of living area, including land, which falls within the range established by the best comparables in the record. Based on this record, and after considering adjustments to the best comparables for differences from the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
