

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Shayevsky  
DOCKET NO.: 21-04538.001-R-1  
PARCEL NO.: 14-25-202-002

The parties of record before the Property Tax Appeal Board are Anna Shayevsky, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$68,390  
**IMPR.:** \$121,490  
**TOTAL:** \$189,880

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,030 square feet of living area.<sup>1</sup> The dwelling was constructed in 1985. Features of the home include an unfinished walkout basement, central air conditioning, a fireplace, an attached 629 square foot garage, two porches and a balcony. The property has an approximately 132,630 square foot site and is located in Long Grove, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located from 1.73 to 2.39 miles from the subject. The comparables have sites ranging in size from 10,313 to 70,047 square feet of land area that are improved with 2-story dwellings of frame, brick or brick and frame

<sup>1</sup> The Board finds the subject has 3,030 square feet of living area based on the subject's Property Record Card (PRC) submitted by the board of review.

exterior construction ranging in size from 3,129 to 3,509 square feet of living area. The dwellings were built from 1988 to 1996. The comparables have unfinished basements, one of which has a walkout. The comparables have central air conditioning, one or two fireplaces, and an attached garage ranging in size from 681 to 950 square feet of building area. The comparables sold from May to September 2019 for prices ranging from \$460,000 to \$720,000 or from \$147.01 to \$206.24 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$189,880. The subject's assessment reflects a market value of \$571,068 or \$188.47 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .04 of a mile to 2.24 miles from the subject. The board of review's comparable #5 is the same property as the appellant's comparable #3. The comparables have sites ranging in size from 10,130 to 160,370 square feet of land area that are improved with what are described as 1-story, 1.5-story or 2-story dwellings of wood siding exterior construction ranging in size from 2,756 to 3,745 square feet of living area. The dwellings were built from 1957 to 1996, with the home built in 1957 having a 1976 effective age. The comparables have unfinished basements, one of which has a walkout, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 618 to 864 square feet of building area. Two comparables each have a swimming pool. The comparables sold from August 2019 to June 2021 for prices ranging from \$579,900 to \$828,000 or from \$203.47 to \$225.86 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration, one of which was submitted by both parties. The Board finds only the board of review's comparable #1 is located within a mile from the subject, however, it is described as a 1.5-story dwelling when compared to the subject. In addition, all of the appellant's comparables, which includes the parties' common comparable, have sale dates occurring greater than 15 months prior to the January 1, 2021 assessment date at issue. Nevertheless, the Board gives less weight to the board of review's comparables #2 and #3, due to their swimming pool feature when compared to the subject. The Board finds the parties' remaining comparables, which includes the parties' common comparable, have varying degrees of similarity to the subject. However, three of the parties' remaining comparables have significantly smaller sites when compared to the subject.

Nevertheless, the best comparables sold from May 2019 to April 2021 for prices ranging from \$460,000 to \$720,000 or from \$147.01 to \$211.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$571,068 or \$188.47 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
