

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maria Cardenas
DOCKET NO.: 21-04556.001-R-1
PARCEL NO.: 16-28-113-011

The parties of record before the Property Tax Appeal Board are Maria Cardenas, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,761
IMPR.: \$127,483
TOTAL: \$174,244

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of brick and wood siding exterior construction with 1,977 square feet of living area. The dwelling was constructed in 1959. Features of the home include central air conditioning, a fireplace and an attached 462 square foot garage. The property has an approximately 10,980 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located within .37 of a mile from the subject. The comparables have sites ranging in size from 8,503 to 10,123 square feet of land area that are improved with what are described as 1-story dwellings ranging in size from 1,669 to 1,925 square feet of living area. The dwellings were built from 1958 to 1963. The comparables each have a fireplace and a garage ranging in size from 462 to 550 square feet of

building area. Three comparables have central air conditioning. The comparables sold from February 2019 to March 2021 for prices ranging from \$370,000 to \$565,000 or from \$221.69 to \$293.51 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$174,244. The subject's assessment reflects a market value of \$524,042 or \$265.07 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located within .42 of a mile from the subject. The board of review's comparables #1, #4 and #5, are the same properties as the appellant's comparables #4, #3 and #2, respectively. However, the board of review reports the appellant's comparable #4, which is the board of review's comparable #1, sold a second time 8 months after the appellant's reported sale. Four comparables have sites ranging in size from 8,500 to 13,070 square feet of land area. The comparables are improved with what are described as 1-story dwellings of brick or brick and wood siding exterior construction ranging in size from 1,350 to 1,925 square feet of living area. The dwellings were built from 1958 to 1961. Each comparable has a fireplace and an attached garage ranging in size from 440 to 525 square feet of building area. Four comparables have central air conditioning. The comparables sold from February 2019 to October 2021 for prices ranging from \$389,000 to \$590,000 or from \$260.06 to \$422.15 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable properties for the Board's consideration, three of which were submitted by both parties and one of these sold twice. The Board gives less weight to the appellant's comparables #2 and #3, due to their sale date occurring greater than 17 months prior to the January 1, 2021 assessment date at issue. The Board also gives less weight to the board of review's comparables #2 through #5, which includes two of the parties' common comparables, due to their significantly smaller dwelling size when compared to the subject or their sale date occurring greater than 17 months prior to the January 1, 2021 assessment date at issue. In addition, the board of review failed to disclose the site size for comparable #3, which is necessary to determine its comparability to the subject. The Board finds the parties' remaining two comparables, which includes the parties' common comparable that sold twice, have varying

degrees of similarity to the subject. The best comparables sold from April 2020 to October 2021 for prices ranging from \$370,000 to \$590,000 or from \$221.69 to \$306.49 per square foot of living area, including land. The subject's assessment reflects a market value of \$524,042 or \$265.07 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
