

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: June Schwalbach  
DOCKET NO.: 21-04576.001-R-1  
PARCEL NO.: 16-29-214-012

The parties of record before the Property Tax Appeal Board are June Schwalbach, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,262  
**IMPR.:** \$111,817  
**TOTAL:** \$160,079

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of brick and wood siding exterior construction with 1,456 square feet of living area.<sup>1</sup> The dwelling was constructed in 1966. Features of the home include a lower level with finished area, central air conditioning, a fireplace and an attached 528 square foot garage. The property has an approximately 9,000 square foot site and is located in Deerfield, West Deerfield Township, Lake County

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales that are located from .36 to .64 of a mile from the subject. Four comparables have sites ranging in size from 8,102 to 10,123 square

<sup>1</sup> The Board finds the best description of the subject's design was found in its PRC which contains a sketch depicting the dwelling to be a split-level home.

feet of land area. The comparables are reported to be improved with 1-story dwellings<sup>2</sup> ranging in size from 1,169 to 1,669 square feet of living area. The dwellings were built from 1957 to 1963. The comparables have central air conditioning, one fireplace and a garage ranging in size from 276 to 550 square feet of building area. The comparables sold from April 2020 to May 2021 for prices ranging from \$370,000 to \$455,000 or from \$221.69 to \$389.22 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,079. The subject's assessment reflects a market value of \$481,441 or \$330.66 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .39 to .64 of a mile from the subject. The board of review's comparable #4 is the same property as the appellant's comparable #2. The comparables have sites ranging in size from 8,370 to 13,070 square feet of land area that are improved with 1-story dwellings<sup>3</sup> of brick or brick and wood siding exterior construction ranging in size from 1,163 to 1,572 square feet of living area. The dwellings were built in 1957 or 1959. The comparables have lower levels with four having finished basement area, central air conditioning, and an attached or detached garage ranging in size from 440 to 720 square feet of building area. Four comparables each have a fireplace. The comparables sold from January 2020 to November 2021 for prices ranging from \$400,000 to \$585,000 or from \$337.66 to \$422.15 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the appellant's comparables #4 and #5, as well as the board of review's comparable #5, due to their smaller dwelling size when compared to the subject. The Board finds the parties' remaining

<sup>2</sup> All of the appellant's comparables are located in the subject's neighborhood which is described as "Splits In Northeast Deerfield."

<sup>3</sup> Each of the board of review's comparables are located in the subject neighborhood which is described as "Splits In Northeast Deerfield."

comparables, which includes the parties' common comparable, have varying degrees of similarity to the subject. The best comparables sold from April 2020 to November 2021 for prices ranging from \$370,000 to \$585,000 or from \$221.69 to \$422.15 per square foot of living area, including land. The subject's assessment reflects a market value of \$481,441 or \$330.66 square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
