

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shanna Carpenter
DOCKET NO.: 21-04598.001-R-1
PARCEL NO.: 16-32-404-004

The parties of record before the Property Tax Appeal Board are Shanna Carpenter, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,262
IMPR.: \$96,680
TOTAL: \$144,942

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and cedar siding exterior construction with 1,802 square feet of living area. The dwelling was constructed in 1960. Features of the home include a basement, that has finished area, central air conditioning, a fireplace and an attached 320 square foot garage. The property has an 8,999 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on six comparable sales that are located within .56 of a mile from the subject. The comparables have sites ranging in size from 7,980 to 9,749 square feet of land area that are improved with 2-story dwellings ranging in size from 1,670 to 2,128 square feet of living area. The dwellings were built from 1952 to 1960. The comparables have basements, two of which have finished area, central air conditioning, and a garage ranging in size

from 252 to 483 square feet of building area. One comparable has a fireplace. The comparables sold from April 2020 to May 2021 for prices ranging from \$370,000 to \$448,000 or from \$199.14 to \$239.52 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,942. The subject's assessment reflects a market value of \$435,916 or \$241.91 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information regarding the subject's October 2021 sale for \$445,000 or \$246.95 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The appellant submitted a total of six comparable sales for the Board's consideration and the board of review submitted information regarding the subject's October 2021 sale for \$445,000 or \$246.95 per square foot of living area, including land. The Board finds the appellant's comparables are similar to the subject in location, style, age, size and some features. However, four of the appellant's comparables lack finished basement area when compared to the subject. Nevertheless, the appellant's comparables sold from April 2020 to May 2021 for prices ranging from \$370,000 to \$448,000 or from \$199.14 to \$239.52 per square foot of living area, including land. The subject's assessment reflects a market value of \$435,916 or \$241.91 per square foot of living area, including land, which falls within the range established by the comparable sales in the record on a total market value basis but slightly above the range on a per square foot basis. However, after considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's slightly higher per square foot estimated market value as reflected by its assessment is justified. Finally, the Board finds the subject's October 2021 sale for \$445,000 or \$246.95 per square foot of living area, including land, which occurred within 10 months of the January 1, 2021 assessment date at issue, further supports the subject's 2021 assessment. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
