

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Marsh
DOCKET NO.: 21-04676.001-R-1
PARCEL NO.: 10-25-107-021

The parties of record before the Property Tax Appeal Board are Daniel Marsh, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,178
IMPR.: \$49,021
TOTAL: \$61,199

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,080 square feet of living area. The dwelling was constructed in 1976. Features of the home include a crawl-space foundation, central air conditioning and a detached 440 square foot garage. The property has an approximately 6,750 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on 12 comparable properties that are located within .70 of a mile from the subject. The comparables are improved with 1-story dwellings with 1,066 square feet of living area. The dwellings were built from 1956 to 1958. The appellant did not disclose the foundation types of the comparables. Each comparable has a garage ranging in size from 264 to 400 square feet of building area and

four comparables have central air conditioning. The comparables have improvement assessments ranging from \$38,907 to \$40,488 or from \$36.50 to \$37.98 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,199. The subject property has an improvement assessment of \$49,021 or \$45.39 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are located within .13 of a mile from the subject. The comparables are improved with 1-story dwellings of wood siding, vinyl siding or aluminum siding exterior construction with 1,131 or 1,134 square feet of living area. The dwellings were built from 1971 to 1974. Two comparables have crawl-space foundations and three comparables have slab foundations. Each comparable has central air conditioning and a detached garage ranging in size from 484 to 720 square feet of building area. The comparables have improvement assessments ranging from \$49,191 to \$51,710 or from \$43.49 to \$45.61 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 17 comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables, due to the lack of information as to the comparables' foundation types, which is necessary when comparing the properties to the subject. In addition, eight of the comparables lack central air conditioning when compared to the subject. The Board finds the board of review's comparables have varying degrees of similarity to the subject. However, three of the board of review's comparables have dissimilar slab foundations when compared to the subject's crawl-space foundation. Nevertheless, the best comparables have improvement assessments ranging from \$49,191 to \$51,710 or from \$43.49 to \$45.61 per square foot of living area. The subject's improvement assessment of \$49,021 or \$45.39 per square foot of living area falls below the range established by the best comparables in the record on a total improvement assessment basis but within the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is well supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
