

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hector Figueroa
DOCKET NO.: 21-04679.001-R-1
PARCEL NO.: 07-18-304-043

The parties of record before the Property Tax Appeal Board are Hector Figueroa, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,520
IMPR.: \$81,002
TOTAL: \$110,522

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,323 square feet of living area. The dwelling was constructed in 1996. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 519 square foot garage. The property has an approximately 17,420 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted information on 12 comparable properties that are located within .53 of a mile from the subject. The comparables are improved with 2-story dwellings of wood frame exterior construction ranging in size from 2,254 to 2,385 square feet of living area. The dwellings were built from 1993 to 1996. The comparables have unfinished basements, central air conditioning, and a garage ranging in size

from 380 to 776 square feet of building area. Six comparables each have a fireplace. The comparables have improvement assessments ranging from \$76,418 to \$81,403 or from \$32.94 to \$34.13 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,522. The subject property has an improvement assessment of \$81,002 or \$34.87 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are located within .53 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,280 to 2,385 square feet of living area. The dwellings were built from 1993 to 1996. The comparables have basements, three of which have finished area, central air conditioning, a fireplace, and an attached garage ranging in size from 380 to 673 square feet of building area. The comparables have improvement assessments ranging from \$81,002 to \$87,047 or from \$34.55 to \$36.87 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 17 comparable properties for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #2 and #3, due to their finished basement area when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, size and features. The best comparables have improvement assessments ranging from \$76,418 to \$82,409 or from \$32.94 to \$34.87 per square foot of living area. The subject's improvement assessment of \$81,002 or \$34.87 per square foot of living area falls within the range established by the best comparables in the record on a total improvement assessment basis and is equal to the higher end on the range on a per square foot range. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
