

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wendie Rose
DOCKET NO.: 21-04712.001-R-1
PARCEL NO.: 16-21-113-016

The parties of record before the Property Tax Appeal Board are Wendie Rose, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$114,283
IMPR.: \$120,834
TOTAL: \$235,117

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is described as a 2-story dwelling of brick exterior construction with 3,415 square feet of living area. The dwelling was constructed in 1989. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 460 square foot garage. The property is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located within .53 of a mile from the subject. The comparables are improved with 2-story dwellings ranging in size from 3,356 to 4,067 square feet of living area. The dwellings were built from 1971 to 1977. The comparables have basements, two of which have finished area, central air conditioning, a fireplace, and a 529 or a 630 square foot garage. One comparable has a swimming pool. The comparables sold from January 2020 to April 2021 for prices ranging from \$682,500 to \$825,000

or from \$202.85 to \$203.73 per square foot of living area, including land. The appellant critiqued the comparables and included Multiple Listing Service (MLS) information for the appellant's comparables #1 and #2, which disclosed the properties were rehabilitated in 2020 and 2019, respectively.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$235,117. The subject's assessment reflects a market value of \$707,119 or \$207.06 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located within .54 of a mile from the subject. The board of review's comparables #1 and #2 are the same properties as the appellant's comparables #1 and #3. The comparables are improved with 1-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,436 to 4,067 square feet of living area. The dwellings were built from 1969 to 1988. The comparables have basements, one of which has finished area, central air conditioning, one or two fireplaces, and a detached and/or attached garage ranging in total size from 506 to 1,462 square feet of building area. Two comparables each have a swimming pool. The comparables sold from July 2020 to August 2021 for prices ranging from \$560,000 to \$869,000 or from \$159.54 to \$242.20 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable properties for the Board's consideration, two of which were submitted by both parties. The Board gives less weight to the appellant's comparable #1, which is the same property as the board of review's comparable #1, due to its larger dwelling size and swimming pool feature when compared to the subject. The Board also gives less weight to the board of review's comparables #3 and #5, due to their swimming pool feature or their dissimilar 1-story dwelling when compared to the subject. In addition, the board of review's comparable #3 has an additional detached garage when compared to the subject. The Board finds the parties' remaining comparables, which includes one of the parties' common comparables, have varying degrees of similarity to the subject. However, each of the parties' best comparables has an older dwelling when compared to the subject. Nevertheless, the best comparables sold from January 2020 to August 2021 for prices ranging from \$682,500 to

\$700,000 or from \$194.30 to \$203.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$707,119 or \$207.06 per square foot of living area, including land, which falls slightly above the range established by the best comparables in the record. However, after considering adjustments to the best comparables for differences when compared to the subject, such as their older dwellings, the Board finds the subject's slightly higher estimated market value as reflected by its assessment is justified. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
