

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bing Liang
DOCKET NO.: 21-04770.001-R-1
PARCEL NO.: 15-24-206-034

The parties of record before the Property Tax Appeal Board are Bing Liang, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,151
IMPR.: \$107,844
TOTAL: \$174,995

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and frame exterior construction with 2,670 square feet of living area. The dwelling was constructed in 1975. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 462 square feet of building area. The property has a 20,473 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables in the same assessment neighborhood code as the subject and located from 0.74 of a mile to 1.37 miles from the subject property. The parcels range in size from 19,602 to 20,909 square feet of land area and have land assessments ranging from \$29,700 to \$39,735 or from \$1.45 to \$2.00 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$177,143. The subject property has a land assessment of \$69,299 or \$3.38 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on six equity comparables in the same assessment neighborhood code as the subject and located from 0.31 of a mile to 1.15 miles from the subject property. The parcels range in size from 19,602 to 20,909 square feet of land area and have land assessments ranging from \$62,484 to \$69,536 or from \$3.12 to \$3.34 square feet of land area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of eighteen land equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 through #11 as well as the board of review comparable #2, due to their location of over 1 mile from the subject.

The Board finds the best evidence of land assessment equity to be the appellant's comparables #1, #10, #11 and #12 along with the board of review comparables #1, #3 through #6, which are relatively similar to the subject in location and lot size. These comparables have land assessments that range from \$39,286 to \$65,772 or from \$1.93 to \$3.34 per square foot of land area, with the most weight going to the board of review comparables #1, #4 and #5, being located the closest to the subject property and each having land assessments of \$65,772 or \$3.28 per square foot of land area. The subject's land assessment of \$69,299 or \$3.38 per square foot of land area falls above the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's land assessment was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
