

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Young-Fu Chang
DOCKET NO.: 21-04785.001-R-1
PARCEL NO.: 15-21-101-035

The parties of record before the Property Tax Appeal Board are Young-Fu Chang, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,260
IMPR.: \$121,812
TOTAL: \$168,072

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,533 square feet of living area. The dwelling was constructed in 1988. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 420 square foot garage. The property has an approximately 10,280 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the subject's land as the basis of the appeal. In support of this argument the appellant submitted information on 11 comparable properties that are located within .92 of a mile from the subject. The comparables have improved sites ranging in size from 10,000 to 10,751 square feet of land area and have land assessments ranging from \$41,528 to \$45,713 or from \$3.94 to \$4.55 per square foot of land area.

Based on this evidence the appellant requested the subject's land assessment be reduced to \$42,267 or \$4.11 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$169,795. The subject property has a land assessment of \$47,983 or \$4.67 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on three comparable properties that are located within .78 of a mile from the subject.¹ The board of review's comparable #3 is the same property as the appellant's comparable #2. The comparables have improved sites ranging in size from 9,770 to 10,890 square feet of land area and have land assessments ranging from \$40,560 to \$48,469 or from \$4.15 to \$4.55 per square foot of land area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of 13 comparable properties for the Board's consideration, one of which was submitted by both parties. The Board finds each of the parties' comparables is similar to the subject in location and size. The comparables have land assessments ranging from \$40,560 to \$48,469 or from \$3.94 to \$4.55 per square foot of land area. The subject's land assessment of \$47,983 or \$4.67 per square foot of land area falls within the range established by the comparables in the record on a total land assessment basis but falls above the range on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's higher per square foot land assessment is slightly excessive. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's land is inequitably assessed and a reduction in the subject's assessment is warranted.

¹ The board of review erroneously listed the same comparable property as both comparable #2 and #4, as well as the subject property as comparable #5.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
