

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shannon Schroeder
DOCKET NO.: 21-04789.001-R-1
PARCEL NO.: 15-15-100-018

The parties of record before the Property Tax Appeal Board are Shannon Schroeder, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,230
IMPR.: \$99,030
TOTAL: \$158,260

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of wood siding exterior construction with 4,254 square feet of living area. The dwelling was constructed in 1943 and has an effective age of 1954. Features of the home include a basement, central air conditioning, a fireplace, a 420 square foot attached garage, and a 1,600 square foot detached garage. The property has an 82,328 square foot site and is located in Prairie View, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the land assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located from 0.94 of a mile to 1.64 miles from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 70,132 to 87,120 square feet of land area and have land assessments ranging from \$28,371 to \$51,276 or from

\$0.40 to \$0.67 per square foot of land area. Based on this evidence the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$158,260. The subject property has a land assessment of \$59,230 or \$0.72 per square foot of land area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located from 0.03 of a mile to 3.28 miles from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 40,510 to 79,710 square feet of land area and have land assessments ranging from \$33,667 to \$58,633 or from \$0.74 to \$1.02 per square foot of land area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review's comparables #2 through #5, due to substantial differences in the subject in lot size and/or location more than one mile from the subject. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 and the board of review's comparable #1, which are more similar to the subject in location and lot size. These comparables have land assessments that range from \$28,371 to \$58,633 or from \$0.40 to \$0.74 per square foot of land area. The subject's land assessment of \$59,230 or \$0.72 per square foot of land area falls above the range established by the best comparables in terms of total land assessment and within the range on a per square foot basis. Given the subject's somewhat larger site size compared to the best comparables in the record, a higher land assessment appears logical.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. Thus, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
