

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tsetsa Pachof
DOCKET NO.: 21-04790.001-R-1
PARCEL NO.: 15-17-101-028

The parties of record before the Property Tax Appeal Board are Tsetsa Pachof, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,386
IMPR.: \$201,216
TOTAL: \$256,602

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,798 square feet of living area. The dwelling was constructed in 1991. Features of the home include a basement, central air conditioning, two fireplaces, and a 768 square foot garage. The property has a 94,269 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick, frame, or brick and frame exterior construction ranging in size from 4,237 to 5,381 square feet of living area. The dwellings were built from 1989 to 1994 with comparables #8 and #9 having effective ages of 1995 and 1991, respectively. Each home has a basement, five of which have finished area, central air

conditioning, one to four fireplaces, and a garage ranging in size from 672 to 1,141 square feet of building area. The comparables have improvement assessments ranging from \$121,178 to \$202,175 or from \$26.02 to \$38.06 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$256,602. The subject property has an improvement assessment of \$201,216 or \$41.94 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes¹ of brick or brick and wood siding exterior construction ranging in size from 4,462 to 4,894 square feet of living area. The dwellings were built from 1989 to 1994. Each home has a basement, one of which is a walkout with finished area. Each home also features central air conditioning, one to three fireplaces, and a garage ranging in size from 784 to 1,296 square feet of building area. The comparables have improvement assessments ranging from \$189,156 to \$211,816 or from \$41.44 to \$44.31 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #5, #7, #8, and #9 and the board of review's comparable #5, which each have a finished basement unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, #4, #6, #10, #11, and #12 and the board of review's comparables #1 through #4, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$162,740 to \$207,143 or from \$33.80 to \$44.31 per square foot of living area. The subject's improvement assessment of \$201,216 or \$41.94 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best

¹ Although the board of review reported comparable #5 is a 1-story home, it also reported this property has above ground living area that is greater than the reported ground floor living area, suggesting this home has second floor living area.

comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
