

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kent Tinucci
DOCKET NO.: 21-04794.001-R-1
PARCEL NO.: 15-17-101-027

The parties of record before the Property Tax Appeal Board are Kent Tinucci, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$53,820
IMPR.: \$111,910
TOTAL: \$165,730

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,314 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement with finished area, central air conditioning, three fireplaces, a 778 square foot garage, and an inground swimming pool. The property has a 60,984 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the land assessment as the basis of the appeal. In support of this argument the appellant submitted information on eight equity comparables located within 1.41 miles from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 58,806 to 62,291 square feet of land area and have land assessments ranging from \$19,248 to \$53,980 or from \$0.32 to \$0.90 per

square foot of land area. Based on this evidence the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$165,730. The subject property has a land assessment of \$53,820 or \$0.88 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on ten equity comparables presented in two grid analyses.¹ The comparables are located within 0.55 of a mile from the subject and within the same assessment neighborhood code as the subject. The parcels range in size from 42,250 to 55,622 square feet of land area and have land assessments ranging from \$19,123 to \$49,704 or from \$0.43 to \$1.04 per square foot of land area. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eighteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 through #8, which are located more than one mile from the subject, and the board of review's comparables #1, #3, #4, #7 and #8, which are less similar to the subject in lot size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2 and the board of review's comparables #2, #5, #6, #9, and #10, which are more similar to the subject in lot size and location. These comparables have land assessments that range from \$35,391 to \$53,029 or from \$0.72 to \$1.00 per square foot of land area. The subject's land assessment of \$53,820 or \$0.88 per square foot of land area falls above the range established by the best comparables in terms of total land assessment and within the range on a per square foot basis, which is logical given the subject is larger lot than the best comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

¹ The comparables presented on the second grid analyses are renumbered to #6 through #10.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
