

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cheryl Singley
DOCKET NO.: 21-04796.001-R-1
PARCEL NO.: 15-06-206-124

The parties of record before the Property Tax Appeal Board are Cheryl Singley, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,593
IMPR.: \$60,276
TOTAL: \$80,869

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story residential condominium unit of wood siding exterior construction with 1,872 square feet of living area. The dwelling was constructed in 1993. Features of the home include a crawl space foundation, central air conditioning, a fireplace, and a 364 square foot garage. The property is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story residential condominium units of frame exterior construction with 1,872 square feet of living area. The dwellings were built in 1992 or 1993. Each home has central air conditioning, a fireplace, and a 364 square foot garage. The

comparables have improvement assessments of \$59,678 or \$60,276 or of \$31.88 or \$32.20 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,869. The subject property has an improvement assessment of \$60,276 or \$32.20 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. Comparables #2 and #5 are the same properties as the appellant's comparables #3 and #2, respectively. The comparables are improved with 2-story residential condominium units of wood siding exterior construction with 1,872 square feet of living area. The dwellings were built from 1991 to 1993. Each home has a crawl space foundation, central air conditioning, a fireplace, and a garage. The comparables have improvement assessments of \$59,678 or \$60,276 or of \$31.88 or \$32.20 per square foot of living area. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables, with two common comparables, for the Board's consideration. These comparables are identical to the subject in dwelling size and are similar to the subject in design, age, location, and features. The comparables have improvement assessments of \$59,678 or \$60,276 or of \$31.88 or \$32.20 per square foot of living area. The subject's improvement assessment of \$60,276 or \$32.20 per square foot is above three of the comparables and is identical to three of the comparables. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
