

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Pink  
DOCKET NO.: 21-04800.001-R-1  
PARCEL NO.: 15-14-206-018

The parties of record before the Property Tax Appeal Board are Patrick Pink, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$64,036  
**IMPR.:** \$136,237  
**TOTAL:** \$200,273

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of brick exterior construction with 2,885 square feet of living area.<sup>1</sup> The dwelling was constructed in 1988. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 690 square foot garage. The property has a 25,014 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the land assessment as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject. The parcels

<sup>1</sup> The parties differ regarding the subject's design and dwelling size. The Board finds the best evidence of design and dwelling size is found in the subject's property record card presented by the board of review, which contains a sketch with measurements, and was not refuted by the appellant in written rebuttal.

range in size from 24,594 to 26,129 square feet of land area and have land assessments ranging from \$41,237 to \$69,625 or from \$1.60 to \$2.72 per square foot of land area. Based on this evidence the appellant requested a reduction in the subject's land assessment to \$64,036 or \$2.56 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$208,695. The subject property has a land assessment of \$72,458 or \$2.90 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The parcels range in size from 20,500 to 24,690 square feet of land area and have land assessments ranging from \$64,094 to \$74,796 or from \$2.75 to \$3.41 per square foot of land area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of seventeen equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #1, #2, #4, and #5, which are less similar to the subject in lot size than other comparables in this record. The Board also gives less weight to the appellant's comparables #5 and #12, which have land assessments substantially less than other comparables in this record, suggesting these properties are outliers.

The Board finds the best evidence of land assessment equity to be the appellant's comparables #1 through #4 and #6 through #11 and the board of review's comparable #3, which are more similar to the subject in lot size and location. These comparables have land assessments that range from \$64,406 to \$69,625 or from \$2.51 to \$2.76 per square foot of land area. The subject's land assessment of \$72,458 or \$2.90 per square foot of land area falls above the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
