

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivasan Anbazhagan
DOCKET NO.: 21-04807.001-R-1
PARCEL NO.: 15-08-108-074

The parties of record before the Property Tax Appeal Board are Srinivasan Anbazhagan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,813
IMPR.: \$69,986
TOTAL: \$94,799

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,648 square feet of living area. The dwelling was constructed in 1987. Features of the home include a crawl space foundation, central air conditioning, a fireplace, and a 441 square foot garage. The property has a 5,633 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame exterior construction with 1,727 square feet of living area. The dwellings were built in 1978. Each home has central air conditioning and a 420 square foot garage. Five homes each have a fireplace. The comparables have

improvement assessments ranging from \$64,538 to \$68,159 or from \$37.37 to \$39.47 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,799. The subject property has an improvement assessment of \$69,986 or \$42.47 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 1,535 to 1,785 square feet of living area. The dwellings were built from 1979 to 1988 with the oldest home having an effective age of 1980. Two homes have a crawl space foundation, one home has a lower level, and two homes have a concrete slab foundation. Each home has central air conditioning, a fireplace, and a garage ranging in size from 400 to 504 square feet of building area. The comparables have improvement assessments ranging from \$66,307 to \$76,994 or from \$40.70 to \$44.15 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seventeen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #1, which are less similar to the subject in age. Moreover, the board of review's comparable #1 has a lower level which is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 through #5, which are similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$66,307 to \$72,824 or from \$40.70 to \$43.20 per square foot of living area. The subject's improvement assessment of \$69,986 or \$42.47 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
