

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Minesh Amin
DOCKET NO.: 21-04812.001-R-1
PARCEL NO.: 15-06-409-015

The parties of record before the Property Tax Appeal Board are Minesh Amin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,709
IMPR.: \$101,358
TOTAL: \$131,067

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 7,520 square foot site improved with a 2-story dwelling of wood siding exterior construction with 2,572 square feet of living area. The dwelling was constructed in 1989. Features of the home include a partially finished basement, central air conditioning, two fireplaces, and an attached 420 square foot garage. The property is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to land only as the basis of the appeal. The improvement assessment is not disputed. In support of this argument, the appellant submitted a grid analysis with information on twelve land equity comparables. The comparable sites are located within .47 of a mile from the subject and in the same assessment neighborhood code as the subject property. The sites range in size from 7,523 to 7,590 square feet of land area. The comparable sites have land assessments ranging from \$19,311 to \$28,224 or from \$2.57 to

\$3.75 per square foot of land area. Based on this evidence, the appellant requested the subject's land assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$131,067. The subject property has a land assessment of \$29,709 or \$3.95 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted a property record card for the subject property along with a grid analysis with information on five land equity comparables located within .05 of a mile from the subject and on the same street as the subject property. The comparable sites contain either 7,510 or 8,770 square feet of land area and have land assessments of either \$29,697 or \$30,655 or either \$3.50 or \$3.95 per square foot of land area. Based on this evidence, the board of review requested the subject's land assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity with respect to the land as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's land assessment is not warranted.

The record contains a total of seventeen land equity comparables submitted before the Property Tax Appeal Board. Although all of the comparables in the record share the same assessment neighborhood code with the subject and are equal to or similar in size to the subject property, the Board gives most weight to board of review comparables #1, #3, #4, and #5 which are located on the same street as the subject property and have nearly the same lot sizes as the subject parcel. These most similar comparables each have land assessments of \$29,697 or \$3.95 per square foot of land area. The subject's land assessment of \$29,709 or \$3.95 per square foot of land area is identical to the most similar comparables in this record on a per square foot basis and nearly identical on an overall land assessment basis. Based on the evidence in this record, the Board finds that the appellant did not establish by clear and convincing evidence that the subject's land is inequitably assessed and, therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
