

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Choong Koh
DOCKET NO.: 21-04851.001-R-1
PARCEL NO.: 11-29-408-002

The parties of record before the Property Tax Appeal Board are Choong Koh, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$64,225
IMPR.: \$197,062
TOTAL: \$261,287

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 4,254 square feet of living area.¹ The dwelling was constructed in 1998. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an attached 714 square foot garage. The property has an approximately 15,350 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the subject's land as the basis of the appeal. In support of this argument the appellant submitted information on six comparable properties that are located within .15 of a mile from the subject. The comparables have improved sites ranging in size from 14,671 to 15,696 square feet of land area and have land

assessments ranging from \$50,263 to \$64,225 or from \$3.24 to \$4.09 per square foot of land area.

Based on this evidence the appellant requested a reduction in the subject's land assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$261,287. The subject property has a land assessment of \$64,225 or \$4.18 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are located within .14 of a mile from the subject and on the same street as the subject. The board of review's comparable #4 is the same property as the appellant's comparable #1. The comparables have improved sites ranging in size from 11,970 to 15,690 square feet of land area and have land assessments of \$64,225 or from \$4.09 to \$5.37 per square foot of land area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 10 comparable properties for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the board of review's comparables #2, #3 and #5, due to their smaller site when compared to the subject. The Board finds the parties' remaining comparables, which includes the parties' common comparable, are similar to the subject in location and site size. The best comparables have sites ranging in size from 12,120 to 15,696 square feet of land area and have land assessments ranging from \$50,263 to \$64,225 or from \$3.24 to \$5.30 per square foot of land area. The subject's land assessment of \$64,225 or \$4.18 per square foot of land area falls at the higher end of the range established by the best comparables in the record on a total land assessment basis but within the range on a per square foot basis. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's land assessment is supported.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
