

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ling Lin
DOCKET NO.: 21-04857.001-R-1
PARCEL NO.: 11-29-311-032

The parties of record before the Property Tax Appeal Board are Ling Lin, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$52,436
IMPR.: \$147,437
TOTAL: \$199,873

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,385 square feet of living area. The dwelling was constructed in 2000. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 612 square foot garage. The property has an approximately 9,670 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the subject's land as the basis of the appeal. In support of this argument the appellant submitted information on 12 comparable properties that are located within .20 of a mile from the subject. The comparables have improved sites ranging in size from 9,720 to 10,145 square feet of land area and have land assessments of \$39,951 and \$49,939 or from \$3.95 to \$4.97 per square foot of land area.

Based on this evidence the appellant requested the subject's land assessment be reduced to \$39,668 or \$4.10 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$199,873. The subject property has a land assessment of \$52,436 or \$5.42 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five comparable properties that are located within .09 of a mile from the subject. The comparables have improved sites ranging in size from 9,680 to 10,860 square feet of land area and have land assessments of \$52,436 or from \$4.83 to \$5.42 per square foot of land area.

The board of review argued the subject has a golf course lot and all golf course lots are assessed the same.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 17 comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables, due to their sites not being located on a golf course when compared to the subject. The Board finds the board of review's comparables are similar to the subject in their golf course location and site size. The best comparables have sites ranging in size from 9,680 to 10,860 square feet of land area and have land assessments of \$52,436 or from \$4.83 to \$5.42 per square foot of land area. The subject's land assessment of \$52,436 or \$5.42 per square foot of land area is equal to the best comparables in the record on a total land assessment basis and falls at the higher end of the per square foot land assessment range. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's land assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
