

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vicky Makhija
DOCKET NO.: 21-04863.001-R-1
PARCEL NO.: 11-28-304-016

The parties of record before the Property Tax Appeal Board are Vicky Makhija, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,686
IMPR.: \$104,040
TOTAL: \$155,726

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction with 2,754 square feet of living area. The dwelling was constructed in 2001. Features of the home include a full unfinished basement, central air conditioning and a 688 square foot garage. The property has a 9,920 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity concerning the subject's land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the same assessment neighborhood code as the subject and from .14 to .25 of a mile from the subject. The comparable improved parcels range in size from 9,538 to 10,315 square feet of land area. The comparables have land assessments of either \$37,355 or

\$43,946 and range from \$3.77 to \$4.39 per square foot of land area based on varying lot sizes of the properties.

Based on this evidence, the appellant requested a reduced land assessment of \$42,408 or \$4.28 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$155,726. The subject property has a land assessment of \$51,686 or \$5.21 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject and from .03 to .07 of a mile from the subject. The comparable improved parcels range in size from 10,010 to 11,460 square feet of land area. The comparables have land assessments of \$57,431 and range from \$5.01 to \$5.74 per square foot of land area based on varying lot sizes of the properties.

Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity concerning the land as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's land assessment is not warranted on this record.

The parties submitted a total of sixteen land equity comparables to support their respective positions on assessment equity before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables which are each more remote in location than the comparables presented by the board of review.

The Board finds the best evidence of land assessment equity to be the four board of review comparables which are most proximate to the subject in location. These comparables have land assessments of \$57,431 and range from \$5.01 to \$5.74 per square foot of land area based on varying lot sizes of the properties. The subject's land assessment of \$51,686 or \$5.21 per square foot of land area falls below the best comparables in terms of overall assessment and within the range established by the best comparables in this record on a square foot basis. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
