

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Amidei
DOCKET NO.: 21-04868.001-R-1
PARCEL NO.: 11-16-307-023

The parties of record before the Property Tax Appeal Board are David Amidei, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$91,164
IMPR.: \$99,961
TOTAL: \$191,125

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction with 2,424 square feet of living area. The dwelling was built in 1925. Features of the property include an unfinished basement, central air conditioning, two fireplaces and a detached garage with 440 square feet of building area. The property has a 7,052 square foot site and is located at 326 Elm Ct., Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the land as the basis of the appeal. The appellant is not contesting the improvement assessment. In support of this argument the appellant submitted information on twelve equity comparables improved with one-story or two-story single-family dwellings. The comparables have the same assessment neighborhood code as the subject property and are located from .06 to .18 miles from the subject property. Eight of the comparables are located along the same street and within one block of the subject property. The

comparables have sites ranging in size from 7,000 to 7,400 square feet of land area with land assessments ranging from \$68,373 to \$93,444 or from \$9.77 to \$12.70 per square foot of land area. The appellant requested the subject's land assessment be reduced to \$87,057.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$194,925. The subject property has a land assessment of \$94,964 or \$13.47 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on eight equity comparables each improved with a one-story or two-story single-family dwelling. The comparables have the same assessment neighborhood code as the subject and are located along the same street and within one block of the subject property. The comparables range in size from 7,374 to 7,411 square feet of land area. Each comparable has a land assessment of \$91,164 or ranging from \$12.30 to \$12.36 per square foot of land area. The board of review asserted that the comparables are located on the same street as the subject, but the subject has a smaller lot than the comparables and should have a higher assessment per square foot. Board of review comparables #3, #4, #5, #7, and #8 are the same properties as appellant's comparables #3, #4, #5, #7, and #8, respectively.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3, #4, #5, #6, #7, #8, #10 and #11 as well as the board of review comparables, which includes five common properties. Each of these comparables is located along the same street and within one block of the subject property, the 200 or 300 block of Elm Court. Each comparable has a land assessment of \$91,164, regardless of size, indicating the land assessments were established on a site basis. The subject has a land assessment of \$94,964, which is above those comparables located along the same street and within one block of the subject property. Less weight is given the remaining comparables submitted by the appellant due to differences from the subject property in location. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
