

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daryl Dorcy
DOCKET NO.: 21-04873.001-R-1
PARCEL NO.: 11-03-201-026

The parties of record before the Property Tax Appeal Board are Daryl Dorcy, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,373
IMPR.: \$148,896
TOTAL: \$214,269

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame with brick exterior construction with 3,926 square feet of living area. The dwelling was constructed in 1994. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and an 828 square foot garage. The property has a 29,988 square foot site and is located in Waukegan, Libertyville Township, Lake County.

The appellant contends assessment inequity concerning the subject's land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables located in the same assessment neighborhood code as the subject and from .05 to .22 of a mile from the subject. The comparable improved parcels range in size from 31,494 to 34,447 square feet of land area. The comparables each have land assessments of \$65,373 or from \$1.90 to \$2.08 per square foot of land area based on varying lot sizes of the properties.

Based on this evidence, the appellant requested a reduced land assessment of \$60,276 or \$2.01 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$214,269. The subject property has a land assessment of \$65,373 or \$2.18 per square foot of land area.

In support of its contention of the correct assessment and in further response to the appeal, the board of review asserted that the area property are "not valued by site size" and as shown on the grid analysis are valued "per lot." In a two-page grid analysis, the board of review submitted information on eight equity comparables located in the same assessment neighborhood code as the subject and from .09 to .18 of a mile from the subject. The comparable improved parcels range in size from 28,629 to 29,897 square feet of land area. The comparables have land assessments of \$65,373 and range from \$2.19 to \$2.28 per square foot of land area based on varying lot sizes of the properties.

Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity concerning the land as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's land assessment is not warranted on this record.

The parties submitted a total of twenty land equity comparables to support their respective positions on assessment equity before the Property Tax Appeal Board. The Board finds that the board of review assertion that parcels are assessed on a "per lot" basis, not based on size, was unrefuted and thus depicts that all twenty comparables submitted by the parties have land assessments of \$65,373 or that range from \$1.90 to \$2.28 per square foot of land area based on varying sizes. The subject's land assessment of \$65,373 or \$2.18 per square foot of land area is identical to the twenty comparables presented in terms of overall land assessment and falls within the range established by the comparables in this record on a per-square-foot basis.

Based on this record and given the unrefuted assertion that land in the subject's area is assessed on a "per lot" basis and not based on lot size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's land assessment is not justified on this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
