

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Toni Antonetti  
DOCKET NO.: 21-04880.001-R-1  
PARCEL NO.: 10-24-413-033

The parties of record before the Property Tax Appeal Board are Toni Antonetti, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,532  
**IMPR.:** \$63,409  
**TOTAL:** \$76,941

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of vinyl siding exterior construction with 1,310 square feet of living area.<sup>1</sup> The dwelling was constructed in 1998. Features of the home include a lower level with finished area, central air conditioning and a 576 square foot detached garage. The property has an approximately 7,500 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity regarding the land assessment as the basis of the appeal. In support of this argument, the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code as the subject and are located within .68 of a mile from the subject property. The improved comparable parcels range in size

from 6,752 to 8,568 square feet of land area and have land assessments ranging from \$10,962 to \$12,657 or from \$1.48 to \$1.62 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment to \$11,402 or \$1.52 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$76,941. The subject property has a land assessment of \$13,532 or \$1.80 per square foot of land area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .51 of a mile from the subject property. The improved comparable parcels range in size from 6,850 to 9,580 square feet of land area and have land assessments ranging from \$12,178 to \$14,713 or \$1.54 and \$1.80 per square foot of land area. Based on this evidence, the board of review requested confirmation of the subject's land assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of 17 land equity comparables for the Board's consideration. The Board finds all of the comparables are relatively similar to the subject in location and land size. The comparables have land assessments ranging from \$10,962 to \$14,713 or from \$1.48 to \$1.80 per square foot of land area. The subject's land assessment of \$13,532 or \$1.80 per square foot of land area appears to be supported by the comparables in the record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's land assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
