

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Daniels
DOCKET NO.: 21-04886.001-R-1
PARCEL NO.: 09-02-401-023

The parties of record before the Property Tax Appeal Board are Richard Daniels, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,421
IMPR.: \$111,325
TOTAL: \$135,746

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and vinyl siding exterior construction with 3,674 square feet of living area. The dwelling was constructed in 2008. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 609 square feet of finished area. The property has an approximately 17,760 square foot site and is located in Volo, Wauconda Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on ten equity comparables located within .21 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings containing either 3,674 or 3,696 square feet of living area. The homes were built from 2008 to 2014. Each dwelling has central air conditioning, a fireplace, an unfinished basement, and a garage containing 609 square feet of

building area. The comparables have improvement assessments ranging from \$84,671 to \$113,981 or from \$23.05 to \$31.02 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$101,458 or \$27.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,746. The subject property has an improvement assessment of \$111,325 or \$30.30 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .21 of a mile of the subject and within the subject's assessment neighborhood. Comparables #1, #3, and #4 are the same properties as appellant comparables #1, #10, and #4, respectively. The comparables consist of two-story dwellings of vinyl siding or brick and vinyl siding exterior construction ranging in size from 3,209 to 3,696 square feet of living area. The homes were built in 2010 or 2012. Each dwelling has central air conditioning, a fireplace, a basement with one having finished area, and a garage containing either 609 or 616 square feet of building area. The comparables have improvement assessments ranging from \$93,482 to \$106,823 or from \$28.22 to \$31.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 12 equity comparables to support their respective positions before the Property Tax Appeal Board, with three comparables being common to the parties. The Board finds the comparables are similar to the subject in age, location, dwelling size, and some features. These comparables had improvement assessments that ranged from \$84,671 to \$106,823 or from \$23.05 to \$31.53 per square foot of living area. The subject's improvement assessment of \$111,325 or \$30.30 per square foot of living area falls above the range established by the best comparables in this record overall and within the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, such as basement finish, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
