

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brianna Stoner
DOCKET NO.: 21-04887.001-R-1
PARCEL NO.: 09-02-301-010

The parties of record before the Property Tax Appeal Board are Brianna Stoner, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,906
IMPR.: \$62,173
TOTAL: \$69,079

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 1,854 square feet of living area. The dwelling was constructed in 2007. Features of the home include a concrete slab foundation, central air conditioning, and a garage containing 440 square feet of building area. The property has a 5,563 square foot site and is located in Volo, Wauconda Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on 12 equity comparables located within the subject's assessment neighborhood, 11 of which are located within .36 of a mile of the subject. The comparables consist of two-story dwellings ranging in size from 1,827 to 1,872 square feet of living area. The homes were built from 2007 to 2015. Each dwelling has central air conditioning, an unfinished basement, and a garage containing 420

square feet of building area. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$54,629 to \$55,974 or \$29.90 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$55,435 or \$29.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,079. The subject property has an improvement assessment of \$62,173 or \$33.53 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .09 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of vinyl siding or vinyl siding and stone exterior construction each containing 1,854 square feet of living area. The homes were built in 2007 or 2009. Each dwelling has central air conditioning, a concrete slab foundation, and a garage containing 440 square feet of building area. The comparables each have improvement assessments of \$62,173 or \$33.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 17 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds these comparables are similar to the subject in age, dwelling size, and some features. These comparables had improvement assessments that ranged from \$54,629 to \$62,173 or from \$29.90 to \$33.53 per square foot of living area. The subject's improvement assessment of \$62,173 or \$33.53 per square foot of living area falls within the range established by the best comparables in this record and is well supported by the board of review comparables which are identical to the subject and have identical assessments. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
