

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arturo Orozco  
DOCKET NO.: 21-04889.001-R-1  
PARCEL NO.: 08-28-308-024

The parties of record before the Property Tax Appeal Board are Arturo Orozco, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,850  
**IMPR.:** \$32,938  
**TOTAL:** \$36,788

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood frame construction with 2,256 square feet of living area. The dwelling was constructed in 1930. Features of the home include an unfinished basement and a garage containing 440 square feet of building area. The property has a site measuring approximately 4,870 square feet and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted a grid analysis with information on twelve equity comparables located within .43 of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables are described as 2-story homes of wood frame construction ranging in size from 2,156 to 2,368 square feet of living area. The homes were built from 1910 to 1930. The comparables are described as each having an

unfinished basement and a garage ranging in size from 270 to 616 square feet of building area. The improvement assessments of the comparables range from \$28,877 to \$33,633 or from \$13.13 to \$14.20 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,788. The subject property has an improvement assessment of \$32,938 or \$14.60 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted a property record card for the subject property along with a grid analysis with information on five equity comparables located within .22 of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables consist of 2-story dwellings with wood, asbestos, or aluminum siding exteriors ranging in size from 2,100 to 2,330 square feet of living area. The homes were built from 1901 to 1935 with comparable #4 being built in 1901 and having an effective age of 1958. The comparables each feature an unfinished basement and four comparable each have a detached garage ranging in size from 400 to 528 square feet of building area. The comparables have improvement assessments that range from \$31,206 to \$35,508 or from \$14.56 to \$16.14 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seventeen equity comparables in support of their positions before the Property Tax Appeal Board. The Board gave less weight to board of review comparable #4 based on lacking a garage which is a feature of the subject property, and also based on having an effective age that is significantly newer than the subject dwelling. The Board finds the remaining comparables to be similar to the subject property in terms of location, design, dwelling size, age, foundation, and most features. These most similar comparables in the record have improvement assessments ranging from \$28,877 to \$34,458 or from \$13.13 to \$14.79 per square foot of living area. The subject's improvement assessment of \$32,938 or \$14.60 per square foot of living area falls within the range established by the most similar comparables in this record both in terms of overall improvement assessment and on a per square foot of living area basis. After considering adjustments to the best comparables in the record for any differences from the subject, the Board finds that the appellant did not establish by clear and convincing evidence that the subject dwelling is inequitably assessed and, therefore, no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
