

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dennis Johnsen
DOCKET NO.: 21-04910.001-R-1
PARCEL NO.: 06-34-401-018

The parties of record before the Property Tax Appeal Board are Dennis Johnsen, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,565
IMPR.: \$57,426
TOTAL: \$68,991

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 1,669 square feet of living area. The dwelling was constructed in 2004. Features of the home include a basement with finished area, central air conditioning, a fireplace and a garage with 528 square feet of building area. The property has approximately 1,490 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve suggested equity comparables located in the same assessment neighborhood code as the subject and located within 0.15 of a mile from the subject property. The comparables are improved with 2-story dwellings that range in size from 1,638 to 1,696 square feet of living area. The dwellings were built from 2004 to 2007. Each comparable has an unfinished basement and central air conditioning. Two comparables each have a fireplace. The comparables have improvement assessments ranging from \$47,953 to \$54,516 or from \$29.28 to \$32.45 per square foot of living area. Based on this evidence, the

appellant requested the subject's improvement assessment be reduced to \$53,667 or \$32.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,991. The subject property has an improvement assessment of \$57,426 or \$34.41 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.18 of a mile from the subject property. The comparables are improved with 2-story dwellings of vinyl siding exterior construction that range in size from 1,658 to 1,680 square feet of living area. The dwellings were built in 2004 or 2007. Each comparable has a basement with finished area, central air conditioning, a fireplace and a garage containing 528 square feet of building area. The comparables have improvement assessments ranging from \$57,124 to \$59,036 or from \$34.41 to \$35.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seventeen suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables which lack finished basements and garage when compared to the subject.

The Board finds the best evidence of assessment to be the board of review comparables which are more similar to the subject in location, dwelling size, and age and are identical to the subject in design, garage size and features. These comparables have improvement assessments that range from \$57,124 to \$59,036 or from \$34.41 to \$35.14 per square foot of living area. The subject property has an improvement assessment of \$57,426 or \$34.41 per square foot of living area falls within the range established by the best comparables contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
