

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lori Pasenelli
DOCKET NO.: 21-04922.001-R-1
PARCEL NO.: 06-26-205-037

The parties of record before the Property Tax Appeal Board are Lori Pasenelli, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,240
IMPR.: \$38,717
TOTAL: \$44,957

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story townhome of vinyl siding exterior construction with 1,395 square feet of living area. The dwelling was constructed in 1973. Features of the home include a basement with 545 square feet finished area, central air conditioning and a garage containing 299 square feet of building area. The property has an approximately 2,030 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve suggested equity comparables located in the same assessment neighborhood code as the subject and within 0.11 of a mile from the subject property. The comparables are improved with 2-story dwellings containing either 1,371 or 1,395 square feet of living area. The dwellings were built in 1973. Each comparable has an unfinished basement, central air conditioning and a garage containing 299 square feet of building area. The comparables have improvement assessment ranging from \$36,219 to \$38,717 or from \$25.96 to \$27.75 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$37,512 or \$26.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,810. The subject property has an improvement assessment of \$39,570 or \$28.37 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and within 0.10 of a mile from the subject property. Comparables #3, #4 and #5 are the same properties as the appellant's comparables #8, #7 and #10, respectively. The comparables are improved with 2-story townhomes of vinyl siding exterior construction each containing 1,395 square feet of living area. The dwellings were built in 1973. Each comparable has a basement with 303 or 485 square feet finished area, central air conditioning and a garage containing 299 square feet of building area. The comparables have improvement assessments ranging from \$38,263 to \$38,717 or from \$27.43 to \$27.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted fourteen suggested comparables for the Board's consideration, with three comparables being common to both parties. The Board has given less weight to the appellant's comparables #1 through #6, #9, #11 and #12 due to their unfinished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which includes the three common comparables. These comparables are similar to the subject in location, and features but are identical to the subject in design, dwelling size and age. These best comparables have improvement assessments ranging from \$38,263 to \$38,717 or from \$27.43 to \$27.75 per square foot of living area. The subject property has an improvement assessment of \$39,570 or \$28.37 per square foot of living area which is slightly greater than the improvement assessments of the best comparables in the record, which appears to be justified given the subject's larger finished basement and one additional bedroom. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
