

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nissin Behar  
DOCKET NO.: 21-04961.001-R-1  
PARCEL NO.: 15-08-215-004

The parties of record before the Property Tax Appeal Board are Nissin Behar, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,028  
**IMPR.:** \$88,294  
**TOTAL:** \$118,322

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,898 square feet of living area. The dwelling was constructed in 1989. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 483 square foot garage. The property has an approximately 10,040 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.36 of a mile from the subject property. The comparables have sites that range in size from 6,750 to 10,605 square feet of land area and are improved with two-story dwellings of frame exterior construction with either 1,898 or 1,940 square feet of living area. The dwellings were built in 1989 or 1993. Each comparable has a basement with finished area, central air conditioning, a fireplace and a 441 or

483 square foot garage. The properties sold from May to August 2020 for prices ranging from \$325,000 to \$355,000 or from \$167.53 to \$187.04 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$110,706 which reflects a market value of \$332,151 or \$175.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,322. The subject's assessment reflects a market value of \$355,856 or \$187.49 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.28 of a mile from the subject property. Board of review comparable #4 is the same property as the appellant's comparable #3. The comparables have sites with either 6,750 or 9,100 square feet of land area and are improved with two-story dwellings of wood siding or brick and wood siding exterior construction each with 1,898 square feet of living area. The homes were built from 1989 to 1993. Each comparable has a basement with three having finished area. Each dwelling has central air conditioning and a 483 square foot garage. Two comparables each have one fireplace. The properties sold from August 2020 to December 2021 for prices ranging from \$355,000 to \$460,000 or from \$187.04 to \$242.36 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration, as one property was common to both parties. The comparables are similar to the subject in location, age, dwelling size and other features, although only one comparable has an unfinished basement like the subject. The comparables sold from May 2020 to December 2021 for prices ranging from \$325,000 to \$460,000 or from \$167.53 to \$242.36 per square foot of living area, including land. The subject's assessment reflects a market value of \$355,856 or \$187.49 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
