

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ameet Patil
DOCKET NO.: 21-04992.001-R-1
PARCEL NO.: 15-14-409-014

The parties of record before the Property Tax Appeal Board are Ameet Patil, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$70,013
IMPR.: \$135,025
TOTAL: \$205,038

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction containing 2,860 square feet of living area. The dwelling was built in 1980. Features of the home include a full basement partially finished with a recreation room, central air conditioning, one fireplace and an attached garage with 717 square feet of building area. The property has a 20,572 square foot site located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales improved with two-story dwellings of brick or brick and frame construction ranging in size from 3,091 to 3,430 square feet of living area. The homes were built from 1978 to 1985. Each comparable has a basement with one being partially finished, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 510 to 804 square feet of building area. The comparables have sites ranging in size

from 20,754 to 23,106 square feet of land area and are located from .11 to .43 miles from the subject property. The sales occurred from April 2020 to April 2021 for prices ranging from \$600,000 to \$696,000 or from \$174.93 to \$224.85 per square foot of living area, land included. The appellant requested the subject's total assessment be reduced to \$198,274.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,038. The subject's assessment reflects a market value of \$616,656 or \$215.61 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales improved with 1.5-story or 2-story dwellings of brick or wood siding and brick exterior construction that range in size from 2,885 to 3,102 square feet of living area.¹ The homes were built from 1986 to 1988. Each comparable has a basement with four being partially finished with recreation rooms, central air conditioning, one fireplace, and an attached garage ranging in size from 462 to 1,041 square feet of building area. The comparables have sites ranging in size from 20,240 to 26,960 square feet of land area and are located from .28 to .62 miles from the subject property. The sales occurred from August 2020 to October 2021 for prices ranging from \$699,000 to \$868,000 or from \$228.88 to \$284.59 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales to support their respective positions. The Board gives less weight of appellant's comparable #1 as the comparable is improved with a dwelling that is approximately 20% larger than the subject home and the price is an outlier significantly below the range established by the remaining comparables in the record. The Board gives less weight to board of review comparable #1 as the price of this comparable is an outlier with a price significantly above the range of the remaining comparables in this record. The Board gives less weight to appellant's comparable #2 and board of review comparable #3 as each property has an unfinished basement, unlike the subject property, and a significantly smaller garage than the subject property. The Board gives most weight to appellant's comparable sale #3 and board of review comparable sales #2, #4, and #5. These four comparables sold for prices ranging from \$695,000 to \$764,500 or from \$224.85 to \$264.99 per square foot of living area, including land. The subject's assessment reflects a market value of \$616,656 or \$215.61 per square foot of living area, including land, which is below the range established by the best comparable sales in this

¹ The board of review describe comparable #3 as having story height of "1", however, it also described the comparable as having a ground floor area of 1,105 square feet and an above ground living area of 2,983 square feet, which indicates the home is a two-story dwelling.

record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
