

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yige He
DOCKET NO.: 21-05000.001-R-1
PARCEL NO.: 15-16-304-051

The parties of record before the Property Tax Appeal Board are Yige He, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,043
IMPR.: \$134,063
TOTAL: \$180,106

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,963 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 483 square foot garage. The property has an approximately 18,050 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.63 of a mile from the subject property. The comparables have sites that range in size from 11,140 to 21,206 square feet of land area and are improved with two-story dwellings of frame exterior construction that range in size from 2,963 to 3,006 square feet of living area. The dwellings were built from 1988 to 1991. Each comparable has a basement with finished area, central air conditioning and a

garage ranging in size from 441 to 693 square feet of building area. Two comparables each have one fireplace. The properties sold from October 2020 to May 2021 for prices ranging from \$520,000 to \$624,917 or from \$174.61 to \$210.91 per square foot of living area, land included.

The appellant also submitted the Multiple Listing Service (MLS) sheet for its comparable #2 which depicted the property had been updated prior to its sale. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$178,750 which reflects a market value of \$536,304 or \$181.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,106. The subject's assessment reflects a market value of \$541,672 or \$182.81 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.33 of a mile from the subject property. Board of review comparable #2 is the same property as the appellant's comparable #4 while board of review comparable #4 is the same property as the appellant's comparable #3, although with a different sale date and price. The comparables have sites that range in size from 15,050 to 21,210 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,790 to 3,017 square feet of living area. The homes were built in 1991 or 1992. Each comparable has a basement, with three having finished area. Each dwelling has central air conditioning and a garage ranging in size from 441 to 693 square feet of building area. Four homes each have one fireplace. The properties sold from August 2020 to July 2021 for prices ranging from \$548,500 to \$651,000 or from \$185.62 to \$217.07 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, including two properties that were common to the parties. The Board gives less weight to appellant comparables #1 and #2 along with board of review comparables #3 and #5 which differ from the subject in site size and/or have an unfinished basement when compared to the subject's site size and finished basement.

The Board finds the best evidence of market value to be appellant comparables #3 and #4 and board of review comparables #1, #2 and #4, including the two common properties, which are

more similar to the subject in location, age, design, site size, dwelling size and other features. These comparables sold from November 2020 to July 2021 for prices ranging from \$550,000 to \$651,000 or from \$185.62 to \$217.07 per square foot of living area, including land. The subject's assessment reflects a market value of \$541,672 or \$182.81 per square foot of living area, including land, which falls below the range established by the best comparable sales in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
