

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peelhyock Cheon
DOCKET NO.: 21-05012.001-R-1
PARCEL NO.: 15-32-111-025

The parties of record before the Property Tax Appeal Board are Peelhyock Cheon, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,660
IMPR.: \$107,165
TOTAL: \$137,825

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,115 square feet of living area. The dwelling was constructed in 1970. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 500 square foot garage. The property has an approximately 8,775 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on 12 equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction each with 2,115 square feet of living area and built from 1970 to 1972. Each comparable has a full or partial basement with finished area, central air conditioning and a 500 square foot garage. Nine

comparables have either one or two fireplaces. The comparables have improvement assessments that range from \$92,241 to \$103,015 or from \$43.61 to \$48.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$100,642 or \$47.58 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,825. The subject has an improvement assessment of \$107,165 or \$50.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction with either 2,115 or 2,366 square feet of living area. The homes were built from 1969 to 1972, the latter of which has an effective age of 1975. Each comparable has a full basement with three having finished area. Each dwelling has central air conditioning and a 500 square foot garage. Four comparables each have one fireplace. The comparables have improvement assessments that range from \$103,705 to \$112,427 or from \$46.71 to \$53.16 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 17 equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #1 and #8 along with board of review comparables #2 and #5 which differ from the subject in dwelling size, basement size and/or basement finish.

The Board finds the best evidence of assessment equity to be appellant comparables #2 through #7 and #9 through #12 as well as board of review comparables #1, #3 and #4 which are identical or nearly identical to the subject in age, design, dwelling size and other features. These comparables have improvement assessments that range from \$92,241 to \$112,427 or from \$43.61 to \$53.16 per square foot of living area. The subject's improvement assessment of \$107,165 or \$50.67 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
