

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Igor Bernshteyn
DOCKET NO.: 21-05014.001-R-1
PARCEL NO.: 15-35-100-172

The parties of record before the Property Tax Appeal Board are Igor Bernshteyn, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,253
IMPR.: \$72,297
TOTAL: \$101,550

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 1,689 square feet of living area. The dwelling was constructed in 1984. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 440 square foot garage. The property is located in Deerfield, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on 12 equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of frame exterior construction with either 1,634 or 1,689 square feet of living area. The homes were built from 1983 to 1985. Each comparable has a basement with finished area, central air conditioning and a garage with 200 or 440 square feet of building area. Eight comparables each have one fireplace. The comparables

have improvement assessments that range from \$66,777 to \$71,171 or from \$40.87 to \$42.14 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$70,254 or \$41.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$101,550. The subject has an improvement assessment of \$72,297 or \$42.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction with either 1,644 or 1,689 square feet of living area. The homes were built in 1984 or 1985. Each comparable has a basement with two having finished area. Each dwelling has central air conditioning and a 420 or 440 square foot garage. One comparable has a fireplace. The comparables have improvement assessments that range from \$67,944 to \$72,562 or from \$40.23 to \$42.96 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 15 equity comparables for the Board's consideration. The Board gives less weight to appellant comparables #4 and #8 as well as board of review comparable #3 which differ from the subject in dwelling size, garage size and/or unfinished basement.

The Board finds the best evidence of assessment equity to be remaining comparables which are identical or nearly identical to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$69,253 to \$72,562 or from \$41.00 to \$42.96 per square foot of living area. The subject's improvement assessment of \$72,297 or \$42.80 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
