

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Srinivas Vangala
DOCKET NO.: 21-05051.001-R-1
PARCEL NO.: 15-31-201-077

The parties of record before the Property Tax Appeal Board are Srinivas Vangala, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,890
IMPR.: \$206,158
TOTAL: \$255,048

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,144 square feet of living area. The dwelling was constructed in 1988. Features of the home include a walk-out basement with finished area, central air conditioning, five fireplaces and a 747 square foot garage. The property has an approximately 42,806 square foot site and located on The Grove Country Club golf course in Long Grove, Vernon Township, Lake County.¹

¹ The Board finds the best description on the subject's location was presented by the board of review and is found in the subject's property record card and the location map. The subject's property record card disclosed the subject land is receiving an influence factor due to its golf course location and the board of review indicated on the location map that the subject is located on a golf course, known as The Grove Country Club, which was not refuted by the appellant.

The appellant contends assessment inequity with respect to the land as the basis of the appeal. The appellant did not contest the subject's improvement assessment. In support of this argument the appellant submitted information on 12 equity comparables that have the same assessment neighborhood code as the subject and are located within .75 of a mile from the subject property. The improved parcels range in size from 41,382 to 44,431 square feet of land area. The comparables have land assessments ranging from \$26,051 to \$45,528 or from \$0.62 to \$1.04 per square foot of land area. Based on this evidence, the appellant requested a reduction in the subject's land assessment to \$35,529 or \$0.83 per square foot of land area

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$255,048. The subject property has a land assessment of \$48,890 or \$1.14 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on 15 equity comparables that are located from .03 of a mile to 2.96 miles from the subject property, 13 of which have the same assessment neighborhood code as the subject. The improved parcels range in size from 20,040 to 46,170 square feet of land area. The comparables have land assessments ranging from \$21,329 to \$50,745 or from \$1.06 to \$1.14 per square foot of land area. The board of review asserted that these comparables are all located on the same golf course as the subject, known as The Grove Country Club. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 27 equity comparables for the Board's consideration. The Board has given less weight to board of review comparable #15 due to its smaller site size and distant location from the subject being almost 3 miles away.

The Board finds the remaining 26 comparables are similar to the subject in location and site size. The comparables have land assessments that range from \$26,051 to \$50,745 or for \$0.62 to \$1.14 per square foot of land area. However, the Board has given most weight to the 14 comparables submitted by the board of review due to their locations on the same golf course as the subject, which was unrefuted by the appellant. Furthermore, seven of the board of review comparables are also located on the same street as the subject. These best comparables have land assessments that range from \$42,991 to \$50,745 or from \$1.10 to \$1.14 per square foot of land area. The subject's land assessment of \$48,890 or \$1.14 per square foot of land area falls within the range established by the best comparables in the record in terms of overall land assessment and is also supported by the best comparables on a square foot basis. Therefore,

based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
