

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Lojdl
DOCKET NO.: 21-05097.001-R-1
PARCEL NO.: 05-23-405-006

The parties of record before the Property Tax Appeal Board are Michael Lojdl, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,323
IMPR.: \$86,446
TOTAL: \$99,769

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,730 square feet of living area. The dwelling was constructed in 2004. Features of the home include a basement, central air conditioning, a fireplace, a 588 square foot garage, and an inground swimming pool.¹ The property has a 12,405 square foot site and is located in Round Lake, Grant Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on twelve equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame exterior construction with 3,730 or 3,738

¹ Additional details regarding the subject not reported by the appellant are found in the subject's property record card presented by the board of review and were not refuted by the appellant in written rebuttal.

square feet of living area that were built from 2003 to 2005. Each home has a basement, central air conditioning, and a 588 square foot garage. Eight homes each have a fireplace. The comparables have improvement assessments ranging from \$79,072 to \$83,971 or from \$21.20 to \$22.46 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,769. The subject property has an improvement assessment of \$86,446 or \$23.18 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six equity comparables presented in two grid analysis.² The comparables are located within the same assessment neighborhood code as the subject and are improved with 2-story homes of wood siding or frame exterior construction with 3,730 square feet of living area. The dwellings were built from 2003 to 2005. Each home has a basement, two of which have finished area, central air conditioning, and a 588 square foot garage. Five homes each have a fireplace. The comparables have improvement assessments ranging from \$84,961 to \$87,761 or from \$22.78 to \$23.53 per square foot of living area.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of 18 equity comparables for the Board's consideration. The Board gives less weigh to the board of review's comparables #4 and #6, which each have finished basement area unlike the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #1, #2, #3, and #5, which are identical or similar to the subject in dwelling size, age, location, and features, although these comparables each lack an inground swimming pool that is a feature of the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. The most similar comparables have improvement assessments that range from \$79,072 to \$87,761 or from \$21.20

² Four of the five comparables presented in the second grid analysis are duplicates of the comparables presented in the first grid analysis. The comparables are renumbered as comparables #1 through #6 for ease of reference.

to \$23.53 per square foot of living area. The subject's improvement assessment of \$86,446 or \$23.18 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
