

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rick Mittelman
DOCKET NO.: 21-05099.001-R-1
PARCEL NO.: 05-22-200-022

The parties of record before the Property Tax Appeal Board are Rick Mittelman, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,324
IMPR.: \$58,262
TOTAL: \$99,586

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 211,889 square foot site improved with a one-story dwelling of brick construction with 1,721 square feet of living area. The dwelling was built in 1959 with features that include an unfinished basement, central air conditioning, two fireplaces and an attached garage with 681 square feet of building area. The property is in Volo, Grant Township, Lake County.

The appellant contends assessment inequity with respect to the land assessment as the basis of the appeal; the appellant was not contesting the improvement assessment. In support of this argument the appellant submitted information on twelve residential equity comparables each improved with a dwelling. The comparables have the same assessment neighborhood code as the subject and are located from .24 to 3.09 miles from the subject property. The comparables have sites ranging in size from 182,665 to 241,823 square feet of land area. Their land

assessments range from \$14,046 to \$43,873 or from \$.08 to \$.20 per square foot of land area. The appellant requested the subject's land assessment be reduced to \$32,843.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,586. The subject property has a land assessment of \$41,324 or approximately \$.20 per square foot of land area.

In support of its contention of the correct assessment the board of review submitted information on five residential equity comparables each improved with a dwelling. The comparables have the same assessment neighborhood code as the subject and are located from 1.50 to 3.12 miles from the subject property. The comparables have sites ranging in size from 40,950 to 217,800 square feet of land area. Their land assessments range from \$10,095 to \$42,852 or from \$.20 to \$.25 per square foot of land area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on seventeen comparables to support their respective positions. The Board gives less weight to appellant's comparables #2 and #9 due to differences from the subject in site size and the fact that the land assessment for comparable #9 is an outlier that is significantly below the remaining comparables in this record. The Board gives less weight to board of review comparables #2, #3 and #5 due to differences from the subject in land area. The remaining comparables¹ range in size from 200,810 to 227,862 square feet of land area. These comparables have land assessments that range from \$24,198 to \$43,873 or from \$.11 to \$.20 per square foot of land area. The subject's land assessment of \$41,324 or \$.20 per square foot of land area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's land was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ Appellant's comparables #1, #3, #4, #5, #6, #7, #8, #10, #11 and #12; and board of review comparables #1 and #4.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
