

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kassie Zaluski
DOCKET NO.: 21-05110.001-R-1
PARCEL NO.: 04-21-108-008

The parties of record before the Property Tax Appeal Board are Kassie Zaluski, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,633
IMPR.: \$34,696
TOTAL: \$40,329

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of aluminum siding exterior construction with 1,096 square feet of living area. The dwelling was constructed in 1972. Features of the home include a basement, central air conditioning and a 264 square foot garage. The property has an approximately 7,793 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on twelve equity comparables that have the same assessment neighborhood code as the subject and are located within .85 of a mile from the subject. The comparables are improved with one-story dwellings ranging in size from 1,064 to 1,136 square feet of living area. The dwellings were built from 1914 to 1977. Each comparable has a basement, five comparables have central air conditioning, four comparables each have a fireplace and eleven comparables each have a garage ranging in

size from 240 to 1,744 square feet of building area. The comparables have improvement assessments ranging from \$25,814 to \$42,474 or from \$24.26 to \$39.92 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$32,190 or \$29.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,329. The subject property has an improvement assessment of \$34,696 or \$31.66 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that have the same assessment neighborhood code as the subject and are located within .82 of a mile from the subject property. The board of review's comparable #1 is the same property as the appellant's comparable #6. The comparables are improved with one-story dwellings of wood siding or aluminum siding exterior construction ranging in size from 1,064 to 1,092 square feet of living area. The dwellings were built from 1963 to 1979. Each comparable has a basement and a garage ranging in size from 440 to 576 square feet of building area. Three comparables have central air conditioning and two comparables each have a fireplace. The comparables have improvement assessments ranging from \$34,864 to \$35,907 or from \$32.77 to \$33.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of sixteen suggested equity comparables for the Board's consideration, as one comparable was common to the parties. The Board has given less weight to the appellant's comparables #2, #3, #4, #5, #7 and #11, as well as board of review comparables #2 and #5 due to their lack of central air conditioning and/or their older dwelling ages when compared to the subject. Furthermore, the appellant's comparable #3 has no garage, a feature of the subject. The Board has also given less weight to the appellant's comparables #8, #9 and #10 due to their substantially larger garage sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's remaining comparables, which includes the common comparable. The Board finds these five comparables are overall more similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$25,814 to \$35,813 or from \$24.26 to \$33.34 per square foot of living area. The subject's improvement assessment of \$34,696 or \$31.66 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences

when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
