

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Danny Roark
DOCKET NO.: 21-05138.001-R-1
PARCEL NO.: 02-25-302-022

The parties of record before the Property Tax Appeal Board are Danny Roark, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,091
IMPR.: \$82,350
TOTAL: \$94,441

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,424 square feet of living area. The dwelling was constructed in 1999. Features of the home include a basement with finished area, central air conditioning, one fireplace, a gazebo and a 496 square foot garage.¹ The property has a 12,197 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on 12 comparables located in the same assessment neighborhood code as the subject. The comparables are reported to be 2-story dwellings of wood frame exterior construction that range in size from

¹ Additional details regarding the subject property were found in the subject's property record submitted by the board of review which was not refuted by the appellant.

2,324 to 2,538 square feet of living area. The dwellings were built from 1995 to 1999. Each comparable is reported to have a basement, central air conditioning and a garage ranging in size from 400 to 440 square feet of building area. Ten comparables each have a fireplace. The comparables have improvement assessments that range from \$53,120 to \$79,580 or from \$22.86 to \$31.36 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,441. The subject has an improvement assessment of \$82,350 or \$33.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparables located in the same assessment neighborhood code as the subject property. The comparables are described as 2-story dwellings of wood siding exterior construction ranging in size from 2,392 to 2,518 square feet of living area. The homes were built from 1997 to 1999. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 400 to 496 square feet of building area. Four comparables each have a fireplace. The comparables have improvement assessments that range from \$80,024 to \$85,456 or from \$32.74 to \$34.37 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 17 equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which lack finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which have finished basement area and are similar in location, age, dwelling size, and most features. The comparables have improvement assessments that range from \$80,024 to \$85,456 or from \$32.74 to \$34.37 per square foot of living area. The subject's improvement assessment of \$82,350 or \$33.97 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
