

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Art Dutkovic  
DOCKET NO.: 21-05139.001-R-1  
PARCEL NO.: 02-25-304-004

The parties of record before the Property Tax Appeal Board are Art Dutkovic, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,696  
**IMPR.:** \$72,275  
**TOTAL:** \$80,971

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,032 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement, central air conditioning, one fireplace, and a 462 square foot garage. The property has an approximately 10,630 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on 12 comparables located in the same assessment neighborhood code as the subject. The comparables are reported to be 2-story dwellings of wood frame exterior construction that range in size from 1,940 to 2,109 square feet of living area. The dwellings were built from 1977 to 2000. Each comparable is reported to have a basement, central air conditioning and a garage ranging in size

from 420 to 484 square feet of building area. Eleven comparables each have a fireplace. The comparables have improvement assessments that range from \$59,369 to \$71,284 or from \$28.32 to \$33.93 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,971. The subject has an improvement assessment of \$72,275 or \$35.57 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on eight comparables located in the same assessment neighborhood code as the subject property. The comparables are described as 2-story dwellings of wood siding, vinyl siding, wood siding and brick, or vinyl siding and brick exterior construction ranging in size from 1,728 to 2,204 square feet of living area. The homes were built from 1987 to 1997 and have basements, two with finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 361 to 704 square feet of building area. The comparables have improvement assessments that range from \$61,009 to \$79,376 or from \$35.18 to \$36.75 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 20 equity comparables for the Board's consideration. The Board gives less weight to board of review comparables #4 and #6 which have finished basement area, a feature the subject lacks.

The Board finds the best evidence of assessment equity to be the remaining comparables in the record which are similar to the subject in location, age, dwelling size, and most features. The comparables have improvement assessments that range from \$59,369 to \$79,376 or from \$28.32 to \$36.75 per square foot of living area. The subject's improvement assessment of \$72,275 or \$35.57 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
