

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Borgetti
DOCKET NO.: 21-05152.001-R-1
PARCEL NO.: 02-35-401-015

The parties of record before the Property Tax Appeal Board are Mark Borgetti, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Hawthorn Woods; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,368
IMPR.: \$68,963
TOTAL: \$91,331

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and a part 2-story dwelling of wood siding exterior construction with 1,920 square feet of living area. The dwelling was constructed in 1978. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 440 square foot garage.¹ The property has an approximately 10,060 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument, the appellant submitted information on 12 comparables located in the same assessment neighborhood code as the subject. The comparables are reported to be 2-story dwellings of wood frame exterior construction that range in size from

2,057 to 2,188 square feet of living area. The dwellings were built from 1968 to 1977. Eleven comparables are reported to have basements. Each comparable has central air conditioning and a garage ranging in size from 420 to 550 square feet of building area. Eleven comparables each have a fireplace. The comparables have improvement assessments that range from \$66,722 to \$73,692 or from \$31.28 to \$34.12 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$91,331. The subject has an improvement assessment of \$68,963 or \$35.92 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four² comparables located in the same assessment neighborhood code as the subject property. The comparables are described as part 1-story and part 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,052 to 2,184 square feet of living area. The homes were built from 1971 to 1988 and have basements, one with finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 420 to 528 square feet of building area. The comparables have improvement assessments that range from \$73,692 to \$76,121 or from \$33.78 to \$36.15 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 16 equity comparables for the Board's consideration, all of which have a larger dwelling size than the subject. The Board gives less weight to appellant's comparable #11 which lacks a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the remaining appellant's comparables and the board of review comparables which are more similar in location, age, and most features. However, thirteen comparables lack finished basement area which is a feature of the subject. The comparables have improvement assessments that range from \$66,722 to \$76,121 or from \$31.28 to \$36.15 per square foot of living area. The subject's improvement assessment of \$68,963 or \$35.92 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

² Comparable #4 is a duplicate of comparable #2.

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
