

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Melanie Rubin  
DOCKET NO.: 21-05381.001-R-1  
PARCEL NO.: 16-21-411-007

The parties of record before the Property Tax Appeal Board are Melanie Rubin, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$38,071  
**IMPR.:** \$113,728  
**TOTAL:** \$151,799

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 2,669 square feet of living area. The dwelling was constructed in 1968. Features of the home include a basement, central air conditioning, a fireplace, and a 440 square foot garage. The property has an 8,100 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales presented in two grid analyses. The comparables are located within 0.17 of a mile from the subject. The parcels range in size from 7,300 to 12,150 square feet of land area and are improved with 2-story homes<sup>1</sup> of brick exterior

<sup>1</sup> Although the appellant described comparable #2 as a 1-story home, the appellant also described above ground living area of 2,845 square feet and ground floor living area of 1,026 square feet, indicating this property has second floor living area.

construction ranging in size from 2,530 to 2,856 square feet of living area. The dwellings were built from 1967 to 1978. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 440 to 540 square feet of building area. The comparables sold from March to August 2020 for prices ranging from \$384,000 to \$420,000 or from \$138.31 to \$154.80 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$151,799. The subject's assessment reflects a market value of \$456,538 or \$171.05 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.73 of a mile from the subject. The parcels range in size from 7,300 to 12,010 square feet of land area and are improved with 1.75-story or 2-story homes of brick or wood siding exterior construction ranging in size from 1,875 to 2,874 square feet of living area. The dwellings were built from 1950 to 1978 with the oldest home having an effective age of 1989. Each home has a basement, two of which have finished area, central air conditioning, and a garage ranging in size from 308 to 462 square feet of building area. Four homes each have one or two fireplaces. Comparable #2 has an inground swimming pool. The comparables sold from February 2020 to April 2021 for prices ranging from \$460,000 to \$485,000 or from \$168.75 to \$245.33 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

In written rebuttal, the appellant argued the board of review's comparables are not similar to the subject in bathroom count, inground swimming pool amenity, builder, design, age/effective age, and other features and amenities.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and the board of review's comparables #1, #2, #4, and #5, due to substantial differences from the subject in dwelling size, basement finish, and/or age/effective age. Moreover, the board of review's comparable #2 has an inground swimming pool that is not a feature of the subject.

The Board finds the best evidence of market value to be the appellant's comparables #2, #3, and #4 and the board of review's comparable #3, which are similar to the subject in dwelling size,

age, location, site size, and most features. These most similar comparables sold from March to November 2020 for prices ranging from \$395,000 to \$462,000 or from \$138.31 to \$179.14 per square foot of living area, including land. The subject's assessment reflects a market value of \$456,538 or \$171.05 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
