

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Roberta Gross  
DOCKET NO.: 21-05732.001-R-1  
PARCEL NO.: 12-02-18-110-041-0000

The parties of record before the Property Tax Appeal Board are Roberta Gross, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Will County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Will** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,173  
**IMPR.:** \$75,052  
**TOTAL:** \$105,225

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Will County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame/siding exterior construction with 2,267 square feet of living area. The dwelling was constructed in 2004. Features of the home include a basement, central air conditioning, a fireplace, and a 2-car garage.<sup>1</sup> The property has a 10,071 square foot site and is located in Bolingbrook, DuPage Township, Will County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The

<sup>1</sup> The parties differ regarding the subject's features and amenities. The Board finds the best evidence of the subject's features and amenities is found in the board of review's evidence, which includes the subject's property record card with a sketch of the subject and photographs of the subject, and was not refuted by the appellant in written rebuttal.

comparables are improved with 2-story homes with 2,470 or 2,506 square feet of living area. The dwellings were built in 2004. Each home is reported to have a basement and a fireplace. The comparables have improvement assessments ranging from \$78,698 to \$80,081 or from \$31.40 to \$32.16 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,225. The subject property has an improvement assessment of \$75,052 or \$33.11 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of frame/siding exterior construction with 2,267 square feet of living area. The dwellings were built from 2003 to 2005. Each home has a basement, central air conditioning, a fireplace, and a 2-car garage. The comparables have improvement assessments of \$74,928 or \$75,052 or of \$33.05 or \$33.11 per square foot of living area.

The board of review submitted a brief contending the subject is in a large neighborhood of tract built homes of different models and has a lot that backs to a park. Based on this evidence the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which lack central air conditioning and a garage that are features of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are identical to the subject in dwelling size and similar to the subject in age, location, and features. These comparables have improvement assessments of \$74,928 or \$75,052 or of \$33.05 or \$33.11 per square foot of living area. The subject's improvement assessment of \$75,052 or \$33.11 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
