

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: UI Soon Lee
DOCKET NO.: 21-06852.001-R-1
PARCEL NO.: 03-08-319-030

The parties of record before the Property Tax Appeal Board are UI Soon Lee, the appellant, by attorney Spiro G. Zarkos, of Verros Berkshire, PC in Oakbrook Terrace; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,740
IMPR.: \$174,530
TOTAL: \$223,270

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,782 square feet of living area. The dwelling was constructed in 2005 and is approximately 16 years old. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace, and an 814 square foot garage. The property has an 11,352 square foot site and is located in Itasca, Addison Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 0.7 of a mile to 1.1 miles from the subject, one of which is located in the same assessment neighborhood code as the

¹ The parties differ regarding the subject's basement finish. The Board finds the best evidence of basement finish is found in the subject's property record card presented by the board of review, which was not refuted by the appellant in written rebuttal.

subject. The parcels range in size from 10,608 to 16,240 square feet of land area and are improved with 2-story homes of brick or frame and brick exterior construction ranging in size from 3,534 to 4,396 square feet of living area. The dwellings are 17 or 31 years old. Each home has a basement, two of which have finished area,² central air conditioning, a fireplace, and a garage ranging in size from 493 to 800 square feet of building area. The comparables sold from June 2019 to April 2021 for prices ranging from \$535,000 to \$673,000 or from \$148.69 to \$162.71 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,270. The subject's assessment reflects a market value of \$667,873 or \$176.59 per square foot of living area, land included, when using the 2021 three year average median level of assessment for DuPage County of 33.43% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the same assessment neighborhood code as the subject, together with a map depicting the locations of both parties' comparables in relation to the subject and property record cards for both parties' comparables. The parcels range in size from 7,480 to 35,000 square feet of land area and are improved with 2-story homes of frame, brick, or brick and frame exterior construction ranging in size from 3,691 to 3,990 square feet of living area. The dwellings were built from 1929 to 2014. Each home features a basement, three of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 451 to 958 square feet of building area. The comparables sold from July 2018 to November 2020 for prices ranging from \$649,000 to \$875,000 or from \$174.51 to \$233.08 per square foot of living area, including land.

The board of review noted on its grid analysis of both parties' comparables that the appellant's comparables #1 and #2 are located north of Irving Park Road. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review's comparables #1 and #2, which sold less proximate in time to the assessment date than the other comparables in this

record. The Board also gives less weight to the appellant's comparables #1 and #2, which are less similar to the subject in location than the other comparables in this record.

The Board finds the best evidence of market value to be the board of review's comparables #3 and #4, which sold more proximate in time to the assessment date and are similar to the subject in dwelling size, location, and some features, but have varying degrees of similarity to the subject in age and site size, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These two most similar comparables sold for prices of \$649,000 and \$700,000 or for \$174.51 and \$189.65 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$667,873 or \$176.59 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence, and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
