

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Stauder
DOCKET NO.: 21-07036.001-R-1
PARCEL NO.: 08-27.0-120-004

The parties of record before the Property Tax Appeal Board are Robert Stauder, the appellant, and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,148
IMPR.: \$2,186
TOTAL: \$4,334

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of brick and frame exterior construction with 1,295 square feet of living area.¹ The dwelling was constructed in 1891 and is reported to have an effective age of 38 years. Features of the home include a partial unfinished basement, central air conditioning and a detached two-car garage. The property has a 4,307 square foot site and is located in Belleville, Belleville Township, St. Clair County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$13,000 as of December 22, 2020. The appraisal was prepared by Thomas Haida using fee simple property rights to ascertain an estimated market value.

¹ The subject's descriptive data is drawn solely from the appellant's appraisal as the board of review was found in default and did not provide any descriptive information concerning the property.

The appellant also submitted a copy of the final decision issued by the St. Clair County Board of Review disclosing the subject property had a total assessment of \$10,574 reflecting a market value of \$31,668 or \$24.45 per square foot of living area, including land, when using the 2021 three-year average median level of assessment for St. Clair County of 33.39% as determined by the Illinois Department of Revenue.

The appellant also reported that the subject property is not an owner-occupied dwelling. Furthermore, the appraisal depicted that the subject was vacant and “currently” not ready for occupancy as it needed a City of Belleville housing inspection. The appraiser further reported having performed only an exterior inspection “because of condition” although the appraisal also includes several interior photographs.

Based on the foregoing, the appellant requested the subject’s assessment be reduced to \$4,334.

By a letter dated May 12, 2022, the board of review was informed of this pending appeal and given an extension of time to August 10, 2022 to submit its evidence or submit a written request for an extension of time. By letter issued on September 8, 2022, the St. Clair County Board of Review was found to be in default for failure to submit evidence or timely seek an extension of time to do so.

On or about September 15, 2022, the St. Clair County Board of Review belatedly submitted its “Board of Review – Notes on Appeal” proposing an assessment reduction to \$7,148.

The appellant was informed of this proposed assessment reduction and rejected the offer.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record to be the appraisal submitted by the appellant. The subject's assessment reflects a market value of \$31,668 or \$24.45 per square foot of living area, including land, which is above the appraised value presented by the appellant of \$13,000 as of December 22, 2020.

The board of review did not timely submit any evidence in support of its assessment of the subject property as required by section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. 86 Ill.Admin.Code §1910.40(a) & §1910.69(a). The appellant was informed of the board of review’s belated offer to stipulate and rejected the offer.

The Property Tax Appeal Board has examined the evidence submitted by the appellant and finds that a reduction in the assessed valuation of the subject property commensurate with the appellant's total request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
