

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Feehery
DOCKET NO.: 21-07201.001-R-1
PARCEL NO.: 03-35-402-019

The parties of record before the Property Tax Appeal Board are James Feehery, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$59,670
IMPR.: \$216,910
TOTAL: \$276,580

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,623 square feet of living area. The dwelling was constructed in 2005. Features of the home include a basement, central air conditioning, a fireplace and a 590 square foot garage. The property has a 9,500 square foot site and is located in Elmhurst, Addison Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales with the same assessment neighborhood code and located within .57 of a mile from the subject. These comparables are described as 2-story dwellings built from 2003 to 2005 and range in size from 3,449 to 3,696 square feet of living area. Each comparable has a basement, central air conditioning, one

fireplace and a garage ranging in size from 468 to 756 square feet of building area. The comparables sold from January 2020 to March 2021 for prices ranging from \$685,000 to \$750,000 or from \$198.39 to \$207.41 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$276,580. The subject's assessment reflects a market value of \$827,341 or \$228.36 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for DuPage County of 33.43% as determined by the Illinois Department of Revenue.

In response to the appellant's evidence, the board of review submitted a comparable report of the appellant's comparable sales that was prepared by the township assessor which disclosed the appellant's comparables have sites ranging in size from 7,392 to 8,900 square feet of land area, and appellant's comparable #2 has a finished basement which were not reported by the appellant.

In support of its contention of the correct assessment the board of review submitted information through the township assessor on five comparable sales with same assessment neighborhood code as the subject. Four comparables are reported to have sites ranging in size from 7,844 to 11,690 square feet of land area. The comparables are described as 2-story dwellings of brick or frame and brick exterior construction built from 1995 to 2006. The dwellings range in size from 2,842 to 4,273 square feet of living area. The comparables have basements, with one having finished area. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 460 to 555 square feet of building area. Comparable #4 has an additional 440 square foot garage. These comparables sold from June to November 2020 for prices ranging from \$670,000 to \$976,101 or from \$225.57 to \$239.77 per square foot of living area, land included. The board of review also provided a location map of both parties' comparable sales in relation to the subject property, property record cards and exterior photographs. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant contended that board of review comparables #2 and #3 are not comparable due to differences in dwelling size when compared to the subject. In a rebuttal grid analysis, counsel suggested that the appellant's comparables and board of review comparables #1, #4 and #5 are the best comparable sales in the record and contended the subject's assessment should be reduced.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted ten comparables sales to support their respective positions. The Board gives less weight to board of review comparables #2 and #3 due to difference in dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables as well as board of review comparables #1 #4 and #5 which are similar to the subject in location, age, dwelling size and some features. These comparables sold from January 2020 to March 2021 for prices ranging from \$685,000 to \$875,900 or from \$198.39 to \$239.77 per square foot of living area, including land. The subject's assessment reflects a market value of \$827,341 or \$228.36 per square foot of living area, including land, which falls within the range established by the best comparables sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
