

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David & Mary Rzepczynski
DOCKET NO.: 21-07242.001-R-1
PARCEL NO.: 08-18-418-076

The parties of record before the Property Tax Appeal Board are David & Mary Rzepczynski, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,830
IMPR.: \$169,850
TOTAL: \$213,680

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and brick exterior construction with 2,518 square feet of living area. The dwelling was constructed in 2002. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 462 square foot garage. The property has a 4,515 square foot site and is located in Naperville, Lisle Township, DuPage County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on three comparable sales located within the same assessment neighborhood code as the subject and within .13 of a mile from the subject. These comparables are described as 1.5-story dwellings built from 2000 to 2004 that range in size from 2,522 to

¹ The parties agreed to waive the scheduled hearing on this case and have the Board issue a decision based on the evidence in the record.

2,751 square feet of living area. The comparables each have a basement, one of which has finished area. Each comparable also has a garage with 462 or 497 square feet of building area. The comparables sold from March 2020 to October 2021 for prices ranging from \$485,000 to \$655,000 or from \$192.31 to \$238.10 per square foot of living area, land included. Based on this evidence, the appellants requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,680. The subject's assessment reflects a market value of \$639,186 or \$253.85 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for DuPage County of 33.43% as determined by the Illinois Department of Revenue.

In response to the appellants' appeal, the board of review submitted a detailed grid analysis of the appellants' comparable sales.

In support of its contention of the correct assessment the board of review submitted information prepared by the township assessor on three comparable sales located within .06 of a mile from the subject and within the same assessment neighborhood code as the subject. The comparables are reported to have sites ranging in size from approximately 4,480 to 8,435 square feet of land area and are improved with dwellings of brick or frame and brick exterior construction built in 2000 or 2001. The dwellings range in size from 2,203 to 2,812 square feet of living area and have basements with finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 441 to 497 square feet of building area. The comparables sold from July 2020 to December 2021 for prices ranging from \$650,000 to \$705,000 or from \$250.71 to \$295.05 per square foot of living area, land included. The board of review also submitted a map depicting the locations of both parties' comparable sales in relation to the subject. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellants' contended that board of review comparables #1 and #3 are different style 2-story dwellings when compared to the subject's 1.5 story dwelling. In addition, it was argued that comparable #2 is 12% smaller in dwelling size than the subject.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted six comparable sales to support their respective positions. The Board gives less weight to appellants' comparables #1 and #3 which lack finished basement area when compared to the subject.

The Board finds the best evidence of market value to be appellants' comparable #2 along with the board of review comparables which are most similar to the subject in location as all are located on the same street as the subject. These comparables are also relatively similar to the subject in age, dwelling size and features. These comparables sold from March 2020 to December 2021 for prices ranging from \$615,000 to \$705,000 or from \$225.52 to \$295.05 per square foot of living area, including land. The subject's assessment reflects a market value of \$639,186 or \$253.85 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Based on this record and after considering adjustments to the best comparable sales for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
