

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patrick Hammond
DOCKET NO.: 21-07255.001-R-1
PARCEL NO.: 06-23-110-020

The parties of record before the Property Tax Appeal Board are Patrick Hammond, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***no change*** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,800
IMPR.: \$70,160
TOTAL: \$77,960

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit of brick, masonry, or stone exterior construction with 1,224 square feet of living area that was built in 1973. Features of the home include two baths and a one-car garage. The property is located in Oakbrook Terrace, York Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within the same assessment neighborhood code as the subject. The comparables are described as condominium units built in 1973 that range in size from 1,165 to 1,257 square feet of living area. Each unit features two

baths and a one-car garage. Two units each have a fireplace. The comparables sold from February 2020 to October 2021 for prices ranging from \$155,000 to \$238,000 or from \$132.14 to \$190.57 per square foot of living area, including land. Based on this evidence, the appellant requests a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$77,960. The subject's assessment reflects a market value of \$233,204 or \$190.53 per square foot of living area, land included, when using the 2021 three year average median level of assessment for DuPage County of 33.43% as determined by the Illinois Department of Revenue.

In response to the appeal, the board of review noted only appellant's comparables #2 and #4 are the same model type as the subject. The board of review further asserted that condos are assessed on basis of model type.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within the same assessment neighborhood code as the subject. Comparable #2 is a duplicate sale of appellant's comparable #2. The comparables are described as condominium units built in 1973 that range in size from 1,201 to 1,387 square feet of living area. Each unit features two baths and a one-car garage. One unit has a fireplace. The comparables sold from February 2018 to April 2020 for prices ranging from \$180,000 to \$248,000 or from \$149.88 to \$201.81 per square foot of living area, including land. Based on this evidence, the board of review requests confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant contended that board of review comparables #1, #3, #4 and #5 are not comparable due to difference in dwelling size when compared to the subject and/or their remote sale dates in 2018 and 2019. In a rebuttal grid analysis, counsel suggested that appellant's comparables are the best comparable sales in the record and contended the subject's assessment should be reduced.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted nine comparables sales to support their respective positions which includes one common comparable. The Board gives less weight to board of review comparables #1, #3, #4 and #5 as their sale dates in 2018 and 2019 are less proximate in time to the January 1, 2021 assessment date than the other sales in the record.

The Board finds the best evidence of market value to be the appellant's comparables which includes the common comparable. These comparables sold more proximate in time to the assessment date at issue and are similar to the subject in location, age, dwelling size and most

features. These comparables sold from February 2020 to October 2021 for prices ranging from \$155,000 to \$238,000 or from \$132.14 to \$190.57 per square foot of living area, including land. The subject's assessment reflects a market value of \$233,204 or \$190.53 per square foot of living area, including land, which is within the range established by the best comparables sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
