

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Margaret Dodd
DOCKET NO.: 21-07297.001-R-1
PARCEL NO.: 07-30-411-009

The parties of record before the Property Tax Appeal Board are Margaret Dodd, the appellant, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the DuPage County Board of Review.¹

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,420
IMPR.: \$116,460
TOTAL: \$156,880

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and brick exterior construction with 2,980 square feet of living area. The dwelling was constructed in 1990. Features of the home include a basement with finished area, central air conditioning, a fireplace, 3 baths and a 3-car garage with 665 square feet of building area. The property has an approximately 18,081 square foot site that is located in Aurora, Naperville Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on eight comparable sales located within .90 of a mile from the subject. The comparables are described as 2-story dwellings built from 1991 to 1994 that range in size from 2,747 to 3,202 square feet of living area. Each comparable has a basement, central

air conditioning, 2.5 baths, and a 3-car garage. The comparables sold from June 2020 to April 2021 for prices ranging from \$375,000 to \$438,000 or from \$130.42 to \$149.33 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,880. The subject's assessment reflects a market value of \$469,279 or \$157.48 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for DuPage County of 33.43% as determined by the Illinois Department of Revenue.

In response to the appellant's evidence, the board of review submitted a spreadsheet of the appellants' comparable sales noting they have sites ranging in size from approximately 9,068 to 21,336 square feet of land area, garages ranging in size from 629 to 737 square feet of building area, and comparable #2 has finished basement area which were not reported by the appellant.

In support of its contention of the correct assessment the board of review submitted information prepared by the township assessor on seven comparable sales with the same assessment neighborhood code as the subject. Comparables #3, #4 and #6 are the same sales as appellant's comparables #6, #7 and #4, respectively. The comparables are reported to have sites ranging in size from approximately 9,000 to 21,336 square feet of land area. The comparables are improved with 2-story dwellings of frame or frame and brick exterior construction that range in size from 2,807 to 3,202 square feet of living area. The dwellings were built from 1993 to 1997 and have basements. Each comparable has central air conditioning, one fireplace, 2.5 or 3 baths, and a 2-car or 3-car garage ranging in size from 403 to 717 square feet of building area. The comparables sold from June 2019 to June 2021 for prices ranging from \$425,000 to \$485,000 or from \$133.92 to \$152.85 per square foot of living area, land included. The board of review also provided a map of the board of review comparables and the appellant's comparables in relation to the subject property along with property record cards and exterior photographs. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In written rebuttal, counsel for the appellant contended that board of review comparable #2 is not comparable due to its remote 2019 sale.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted 12 comparables sales to support their respective positions, three of which were common to both parties. The Board gives less weight to board of review comparable #2 due to its 2019 sale date which is less proximate in time to the January 1, 2021 assessment date than the remaining comparable sales in the record.

The Board finds the best evidence of market value to be the parties' remaining comparables which includes the three common comparables. These comparables are relatively similar to the subject in location, age, dwelling size, and features with the exception that 10 of the 11 comparables lack finished basement area. In addition, the comparables each have 2.5 baths when compared to the subject's 3 baths. These comparables sold from March 2020 to June 2021 for prices ranging from \$375,000 to \$485,000 or from \$130.42 to \$152.85 per square foot of living area, including land. The subject's assessment reflects a market value of \$469,279 or \$157.48 per square foot of living area, including land, which falls within the range established by the best comparables sales in this record on an overall basis but is above the range on a square foot basis. The higher price per square foot is logical due to subject's finished basement area and number of baths. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
